Executive Summary

AP-05 EXECUTIVE SUMMARY - 24 CFR 91.200(C), 91.220(B)

1. Introduction

The 2020 Annual Action Plan represents the third year of the 2018-2022 Consolidated Plan approved by the U.S. Department of Housing and Urban Development (HUD). This plan is the City of Pasadena Community Development Department's official application for HUD entitlement grants and proposes programs and services to be funded during the City's Fiscal Year (FY) 2021 Community Development Program Year (PY) 2020 (October 1, 2020-September 30, 2021). There are three sources of federal program funds included within this application, as follow:

- Community Development Block Grant (CDBG),
- Home Investment Partnerships Program (HOME), and
- Emergency Solutions Grants Program (ESG). The City of Pasadena anticipates receiving \$2,271,905 in Program Year 2020 funds and is proposing to reallocate \$483,582.80 in prior year funds to use towards public facility improvements, community development services, affordable housing, emergency shelter services and rapid re-housing. For each of the five years of the Consolidated Plan, the City is required to prepare an Annual Action Plan to inform citizens and HUD of the City's intended actions during that particular year. At the end of each program year, the City must prepare a Consolidated Annual Performance and Evaluation Report (CAPER) to provide information to HUD and citizens about that year's accomplishments towards achieving the goals and objectives identified for that year.

2. Summarize the objectives and outcomes identified in the Plan

The 2018-2022 Consolidated Plan and the 2020 Annual Action Plan represents the City's ambition to improve the quality of life for residents, primarily in the low-to moderate-income areas of Pasadena. As required by HUD, each activity is linked to one of three federal program objectives: 1) decent housing, 2) suitable living environments, or 3) economic development. Each objective is matched with one of three outcomes: 1) availability/accessibility, 2) affordability, or 3) sustainability. The City hopes to achieve these objectives and outcomes in PY 2020 through the activities listed below:

- Rehabilitate degrading infrastructure to improve mobility and reduce hazardous conditions for Pasadena residents;
- Develop and maintain an adequate supply of safe, sanitary and decent housing that are affordable and accessible to residents within low-income guidelines by utilizing CDBG and HOME funds to assist with housing rehabilitation efforts;

- Reduce homelessness by providing supportive services through local shelters and non-profit agencies;
- Ensure fair housing choice opportunities to all residents of Pasadena.

In order to address these needs, the City of Pasadena has developed goals and measurable outcomes in housing, rapid re-housing, emergency shelter, public facility improvements and public services.

The City is committed to the proper implementation of a balanced Community Development Program that maximizes benefit to low-income persons both directly and through the improvements of their neighborhoods. By providing decent housing, suitable living environments and supportive services, the City of Pasadena intends to improve our low-income neighborhoods and provide our citizens with the needed resources to assist them in breaking both generational and circumstantial poverty.

3. Evaluation of past performance

Program Administration:

To ensure compliance, the City of Pasadena Community Development Department has implemented revisions in its policies and procedures and continues to diligently work to meet all deadline requirements for CDBG timeliness, HOME commitment and ESG obligation and expenditure deadlines.

Affordable Housing:

- In the construction phase of 2 reconstructed homes to eligible program participants, thereby providing safe, sanitary and decent housing that is affordable and accessible to residents within the low-income guidelines.

**It should be noted that most activities were affected/delayed due to the impact of the COVID-19 Pandemic.*

4. Summary of Citizen Participation Process and consultation process

The Community Development Department actively encourages community involvement and provides residents with opportunities to become involved in the development of the Annual Action Plan. Opportunities for citizen input are provided throughout the planning process via publications, postings, and public hearings. Public meetings are held in well-known locations with adequate space to accommodate large residential groups, and are accessible to disabled persons. Every effort is made to ensure that there are no barriers to attendance. During declared emergency situations, such as pandemics or natural disasters, the City may utilize virtual public hearings and meetings as allowed by HUD. In this situation, the ability for public comment will be provided. The public notices alert residents and provide contact information so that individuals may request special accommodations, such as interpreters for the deaf or non-English speakers. These measures help to ensure that the citizens of Pasadena, especially the residents of the affected areas, have opportunities to articulate their community development needs and preferences as they relate to CDBG, HOME and ESG program funding, participate in the development of program priorities and objectives, and have their questions addressed.

5. Summary of public comments

All comments received in regards to development and implementation of the 2020 Annual Action Plan will be reviewed and accepted by the Community Development Department. Copies of public notices and comments (if applicable) will be provided in Appendix I of this document. Appendix I incorporates comments received, if any, from the public hearings and the 30-day comment period that concluded on August 14, 2020.

6. Summary of comments or views not accepted and the reasons for not accepting them

The Community Development Department did not receive and/or reject any comments.

7. Summary

The 2020 Annual Action Plan represents detailed activities for the third year of the 2018-2022 Consolidated Plan, and provides the City of Pasadena's vision for improving the quality of life in the low-

to moderate-income areas of the City. The Annual Action Plan is based on elements of the Consolidated Plan that identify housing, homeless, community needs and resources, and further implements a strategy to address those needs.

1. Introduction

The City of Pasadena coordinates and consults with public and private agencies throughout the development of its Action Plan. Partnerships with both public and private entities are crucial for the City of Pasadena to effectively service the community. To ensure the process is both comprehensive and inclusive, the Community Development Department is working with a number of city departments, the Pasadena Housing Authority, local non-profit agencies, and regional organizations.

The Community Development Department secures information from other city departments, private organizations and residents regarding existing conditions and strategies for addressing short-term and long-term community needs. The Community Development staff will continue to meet with and strategize with a variety of groups and agencies through the year to solicit input regarding the City's programs and to plan for future activities.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City of Pasadena Community Development Department is working to improve coordination with various public, private, and non-profit groups in the Pasadena community to address the community's priority needs, especially those of targeted low-to moderate-income persons and special needs populations. The City strives to partner with public and private agencies to ensure funding priorities are in line with current community development goals, and continues to enhance coordination among housing and service providers to better serve the community.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Coalition for the Homeless of Houston/Harris County serves as the lead agency for the Houston/Harris County/Fort Bend County Continuum of Care (CoC) structure. The Steering Committee uses recommendations from network and task groups to guide policy development for the CoC, including funding and project prioritization. This structure was put in place to provide a more coordinated response to homelessness, where all funding in the region is targeted toward strategic solutions working to end homelessness throughout the region. The City of Pasadena Community Development Department works closely with the Continuum of Care (CoC) and the CoC Lead Agency, and holds a seat on the CoC Steering Committee. The CoC Steering Committee voted to align with the

goals designated in the federal strategic plan to end homelessness, which includes a goal to end family homelessness by 2020.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Pasadena Community Development Department continues to work closely with the Continuum of Care (CoC), which is comprised of five local jurisdictions (City of Pasadena, City of Houston, Harris County, Fort Bend County, Montgomery County) and the Coalition for the Homeless of Houston/Harris County (Coalition). Representatives from each of these jurisdictions participate in meetings, referred to as the Public Funders Workgroup, a group within the CoC structure which ensures that all members of the CoC are targeting funding towards continuum-wide goals. This group assists in updating and maintaining standards for the provision of assistance and performance. These continuum-wide performance measures are used to evaluate performance and determine resource allocations based on data from HMIS.

In an effort to remain in compliance with the homeless participation requirement in 24 CFR 576.405(a), the City of Pasadena remains active within the Coalition for the Homeless and seeks guidance from the Consumer Representatives (previous homeless individuals) which currently hold a voting chair on the Steering Committee. The Community Development Department also makes every effort to attend all seminars and trainings that are provided by the Coalition for homelessness and homelessness prevention. The City of Pasadena requires subrecipients to maintain a Board of Directors, where at least one position is held by a previously homeless individual.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

Narrative

The City of Pasadena Community Development Department is working to improve coordination with various public, private, and non-profit groups in the Pasadena community to address the community's priority needs, especially those of targeted low-to moderate-income persons and special needs populations. **1. Summary of citizen participation process/Efforts made to broaden citizen participation
Summarize citizen participation process and how it impacted goal-setting**

All public hearings and meetings are held in well-known locations which are accessible to all residents and adequate space is provided to accommodate large groups. The meeting places are accessible to disabled persons and every effort is made to ensure there are no barriers to attendance. The public notices alert residents and provide contact information so individuals may request special accommodations, such as interpreters for the deaf or non-English speakers. These measures help to ensure the citizens of Pasadena, especially the residents of the affected areas, have opportunities to articulate their community development needs and preferences about the CDBG, HOME and ESG Programs, participate in the development of priorities and objectives, and have their questions addressed.

During the development of the 2020 Annual Action Plan, the City, along with the rest of the nation was impacted by the COVID-19 Pandemic and had to make adjustments to its participation methods. According to the City's Citizen Participation Plan modifications can be made in light of "declared emergency situations such as pandemics", (See Appendix I for Emergency Declaration) therefore, the City began the process of transitioning public hearings and/or meetings to a virtual platform to aid in the prevention of COVID-19.

On January 8, 2020 the City of Pasadena began its citizen participation and consultation process with the publication of the Citizen Review Public Hearings scheduled on January 28, 2020 at 10:00 A.M. and 2:00 P.M. A second Public Notice was released on February 19, 2020 and March 4, 2020 notifying the public of anticipated funding to be received by the City of Pasadena from the U.S. Department of Housing and Urban Development listing the City's funding priorities. The public notice serves as a communication tool for non-profits, service providers, businesses, and City departments interested in applying for CDBG, ESG and HOME funds. An application workshop PowerPoint was provided online to educate interested parties on basic requirements for CDBG, ESG and HOME programs. A third Public Notice for citizen review was released on June 23, 2020 and public hearing held on July 9, 2020 to gather citizen input for priority needs.

Additionally, information regarding all Public Hearings was posted to the City webpage to broaden community awareness. These hearings provided the public with opportunities to participate in an advisory role in the planning, implementation, and assessment of programs administered through the Community Development Department.

A funding meeting with the Community Development Advisory Board and staff was held on June 15, 2020 to discuss funding recommendations for the upcoming 2020 Annual Action Plan activities and projects; the public was invited to attend virtually - there were no outside attendees.

On July 15, 2020, a Public Notice was published on the City's webpage and the Pasadena Citizen newspaper, a newspaper of general circulation, to notify the community of how CDBG, ESG and HOME Program funding will be utilized for the 2020 Annual Action Plan. In addition, the public was notified of the required 30-day public comment period beginning Thursday, July 16, 2020 and ending Friday, August 14, 2020, with public hearings scheduled on Thursday, July 30, 2020 at 10:00 A.M. and 2:00 P.M. during the public comment period, no comments were submitted.

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Community Development Block Grant (CDBG) funds will leverage City General Fund, Bond Fund dollars and/or private sources for any of the following: infrastructure, revitalization, park and public facilities projects.

Home Investment Partnerships (HOME) Program partners are required to provide matching contributions of \$0.25 for every \$1.00 of funding expended. This is usually achieved through volunteer hours worked, donation of funds, supplies and equipment.

Emergency Solutions Grants (ESG) Program subrecipients are required to provide matching contributions of 100% of federal dollars expended.

This is achieved by shelter donations of supplies, equipment, funding and volunteer hour services. Also, some subrecipient agencies meet matching requirements by contributing a portion of operational costs in addition to ESG funds, therefore, splitting the expense.

Program income is accumulated through the HOME program only. HOME program income is acquired by repayment of amortized loans provided to households assisted by the Housing Rehabilitation Services Program.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The allocated priorities were based upon the City of Pasadena's approved 2018-2022 Five Year Consolidated Plan which was constructed with input from public service agencies, residents of Pasadena, and city departments. It was determined that a high priority level should be assigned to the following: Infrastructure/Public Facility Improvements, Housing Rehabilitation, Reduce Homelessness, Enhance quality of life through Public Services and Promote Fair Housing. The reasons for allocation priorities and obstacles follow:

- The primary obstacle to meeting underserved needs is limited availability of federal and local funding. The needs of the community are greater than the available local and federal funds.
- The degradation of street infrastructure has produced hazardous conditions and the absence of sufficient public facilities has caused a decline to community welfare.
- The lack of a public transportation system places elderly and/or disabled Pasadena residents at-risk of maintaining a healthy and independent lifestyle.
- The aging of residential units and increased numbers of under-resourced residents in conjunction with a lack of public housing leads to a limited housing stock available to low-to-moderate income residents.
- Additionally, the City has a high demand to find qualified agencies with the capacity to operate programs efficiently and within compliance of applicable federal regulations.

The Community Development Department has the primary responsibility for the administration, planning, organizing and monitoring of the City's Community Development Block Grant (CDBG) Program, Home Investment Partnerships (HOME) Program and Emergency Solutions Grants (ESG) Program. In addition, Community Development is responsible for implementing required procedures to ensure City compliance with specific U.S. Department of Housing and Urban Development (HUD) and other federal regulations.

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Generally, the CDBG, HOME and ESG programs benefit the entire City of Pasadena in accordance with program requirements of each grant.

The CDBG Low/Mod Income Target Area includes all of the concentrated low-income census tracts within the Pasadena City limits. Approximately 70% (\$1,386,578.43) of the anticipated CDBG funds will be utilized to benefit this geographic area. Projects and programs that are counted in the calculation for the percentage of funds include the Wafer Street Paving & Drainage Improvements Phase II Project. Please see the map, titled City of Pasadena 2020 Program Year CDBG Projects and Programs, found in the Appendix I Section.

Approximately 70% (\$1,386,578.43) of CDBG funds will be utilized to benefit geographic areas with higher minority percentages. Please refer to the map, titled City of Pasadena North/South Estimated Minority (Other than White) Concentration of Low-to-Moderate Income Target Area, included in the Appendix I Section. The remainder of funds will be utilized to benefit client-based activities that are available to any income-eligible resident of Pasadena, regardless of whether they reside within a low-income census tract, such as the Transportation Rides Program and Sarah’s House.

The boundaries of the geographic area coincide with the boundaries of the census tracts which have been identified through examination of the U.S. Census Data and the American Community Survey 2011-2015 information as having median incomes below 80 percent of the area median income, see the City of Pasadena Low-to-Moderate Target Area Map A & B in Appendix I for reference.

The majority of the target area is residential with a mix of commercial properties and parts of the target area are located adjacent to refineries. Area-based CDBG projects are allocated geographically within the target areas delineated in the target area map, while beneficiary-based projects are allocated city-wide.

At this time the City is not requesting approval of a Neighborhood Revitalization Strategy Area.

Geographic Distribution

Target Area	Percentage of Funds
CDBG Low/Mod Income Tracts	70
Citywide	11

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City of Pasadena Community Development Department solicits competitive applications for the receipt and use of CDBG, HOME, and ESG Program funds to address specific objectives and priority needs. The City does not prescribe a specific percentage of funding to target areas. However, the City has identified target areas within the corporate limits that have 51% or greater low- to moderate-income populations. Additionally, areas within the target area that possess aging infrastructure or lack community resources are prioritized for investments. During Program Year 2020, one public facility improvement project will be funded through CDBG. Please refer to the attached maps, within the Appendix I Section, with census tracts and block group numbers, and the associated chart with related data.

Discussion

The City of Pasadena is mindful of the location of services and seeks to ensure equitable distribution of funding to serve families in need across the City. Although the CDBG Low/Mod Income Target Area is the primary service area, additional target areas will be identified. Target areas are identified based on income determination data and revitalization efforts needed. The City allocates funding based on priorities identified in its 2018-2022 Five Year Consolidated Plan and proposals submitted in its annual application process.

Table 10 - One Year Goals for Affordable Housing by Support Type

Discussion

The City will strive to utilize all three funding sources to best provide affordable housing opportunities throughout the community. Funds provided by CDBG will support affordable housing with Housing Rehabilitation Program Administration. The HOME Program will support affordable housing by providing housing rehabilitation and/or reconstruction services and homebuyer opportunities to eligible low-income households. The ESG Program will provide housing opportunities to homeless households through the facilitation of the Rapid Re-housing Program Component administered by subrecipient agencies.

Introduction

The City of Pasadena strives to ensure that all residents have decent and affordable housing. This goal is facilitated through the Pasadena Housing Department's Housing Choice Voucher (HCV) Program (TX440).

Actions planned during the next year to address the needs to public housing

The City of Pasadena's Housing Program is a voucher program only PHA. The City of Pasadena does not own nor does it administer a Public Housing Program. However, for the Housing Choice Voucher Program, the City of Pasadena plans to continue to assist and administer the allocated 1,079 voucher participants with their rental assistance within the Housing Choice Voucher HUD requirements, in accordance with 24 CFR 982, during the next year while maintaining a High Performer PHA Rating with the U.S. Department of Housing and Urban Development (HUD) in the Section Eight Management Assessment Program (SEMAP) report in management of the program.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The City of Pasadena does not own, nor does it administer a Public Housing Program for residents. However, the City of Pasadena encourages families to achieve self-sufficiency and homeownership through the Family Self Sufficiency Program, available to current Housing Choice Voucher Program participants.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Not Applicable.

Discussion

While the City of Pasadena does not administer a Public Housing Program, eligible residents are provided housing vouchers through the Housing Choice Voucher Program. The goal of this program is to promote participants to achieve self-sufficiency and obtain homeownership.

Introduction

The City upholds a strong partnership with the Coalition for the Homeless Houston/Harris County and with other members of the Houston/Harris County Continuum of Care (CoC) to align priorities and funding to address the needs of residents experiencing or at-risk of homelessness.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Pasadena does not currently fund Street Outreach through the Emergency Solutions Grants (ESG) Program. However, homeless service providers within the area network with mainstream resources including, but not limited to, medical facilities, financial institutions, housing providers, law enforcement, childcare facilities and education systems, to help spread awareness and assess needs of homeless individuals.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City of Pasadena plans to provide financial support to local emergency shelters to assist homeless women, children and victims of domestic violence and sexual abuse. Through case management, multiple services are provided to each homeless individual or family upon entry into the program to assess further needs, such as child care, transportation, counseling and support groups, legal aide, medical services and education services to promote self-sufficiency.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Rapid re-housing assistance will be supported through use of prior year ESG funds to provide rental, utility, and/or financial assistance. Homeless individuals or families will receive case management to ensure effective transitioning from shelter to independent living. Clients will also receive supportive services to promote self-sufficiency to assist in achieving the goal of permanent housing.

Helping low-income individuals and families avoid becoming homeless, especially extremely

low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

In efforts to coordinate with continuum-wide goals, the City of Pasadena does not plan to provide ESG funds for Homelessness Prevention activities, but will instead support rapid re-housing goals.

Discussion

The City will continue to build an even stronger partnership with the Coalition for the Homeless and other ESG grantees within the Continuum to develop community wide strategies to end and prevent homelessness throughout the community. The City's priorities will continue to evolve and align with the continuum-wide goals to address priority needs.

Introduction:

The City of Pasadena believes the most significant barriers to affordable housing in Pasadena to be non-profit capacity for affordable housing, economic market conditions for low-income homebuyers, and reduction in federal assistance.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Pasadena has reviewed the public policies to determine their impact on affordable housing. The City found that there are no policies that contribute to the concentration of racial/ethnic minorities, and no city building codes or ordinances that limit the development or improvement of affordable housing in Pasadena.

Discussion:

The City of Pasadena has developed specific goals and objectives to address the housing needs of low-income populations within the City's jurisdiction. These housing goals are aimed at creating the opportunity for adequate, affordable, accessible housing for low-income households through the elimination of lead-based paint hazards, encouragement of homeownership, minor home repairs, and rehabilitation of single family dwellings, provisions of rental assistance, new construction and development of partnerships.

Introduction:

Many homeowners, particularly elderly and/or disabled homeowners, cannot afford to maintain or repair their homes. The Community Development Department is committed to assisting these low-income homeowners repair and rehabilitate their deteriorating homes.

Actions planned to address obstacles to meeting underserved needs

The underserved population includes low- to moderate-income (LMI) households that have a member that is elderly, disabled, is a child, has a disability, or has a medical condition that limits the quality of life. Underserved persons also include individuals experiencing homelessness or victims of domestic violence. Characteristics of the underserved population may include households with fixed incomes, unemployment or underemployment, residing in aging housing stock, language barriers, and physical limitations to access necessary services.

To address obstacles to meeting underserved needs, the Community Development Department will leverage resources by partnering with housing and service organizations to provide permanent supportive housing assistance to homeless individuals. Additionally, the City has adopted the Section 3 Plan to promote employment and contract opportunities to low-income residents. The Community Development Department will also strive to make housing and services available to the underserved by supporting transportation services to elderly and/or disabled persons and rapid re-housing activities to target homeless individuals and those who are victims of domestic violence.

The Community Development Department is continuously advertising services to the underserved. Translated material is available to persons with limited English proficiency, to assist non-English speaking residents to become aware of programming and services available. Various methods of outreach are being explored to promote community involvement and enhanced communication with residents who have a disability or underserved need.

Actions planned to foster and maintain affordable housing

The City of Pasadena plans to foster and maintain affordable housing by providing housing rehabilitation services and developing or rehabilitating affordable housing for homebuyer opportunities.

Actions planned to reduce lead-based paint hazards

The City continues to take actions to ensure that all housing programs meet the lead-based paint and disclosure provisions required under Title X. Plans to address lead-based paint hazards include:

- Continued distribution of the "*Protect Your Family from Lead in Your Home*" pamphlet to program participants and interested parties;
- Continued inspection for potential lead hazard for all houses which receive HUD funds for

- rehabilitation and households receiving rapid re-housing assistance;
- Continued treatment of identified lead-based paint hazards;
- Training and certification for staff supervising work on projects which require lead-based paint reduction activities; and,
- Enforcement of requirements for lead-based paint inspections by firms performing risk assessments for the City of Pasadena to include a copy of certification to perform risk assessments, copies of risk assessor's state/EPA certification license, copy of analytical laboratory EPA recognition, and copy of risk assessment firm's radiation safety license or registration.

Actions planned to reduce the number of poverty-level families

The City of Pasadena plans to reduce the number of poverty-level families through the coordination of efforts among City departments and local businesses and service providers. To assist families achieve financial stability, the City of Pasadena Housing Department administers the Family Self-Sufficiency Program to current Housing Choice Voucher (HCV) residents. Additionally rapid re-housing activities will assist households in obtaining self-sufficiency and permanent housing. By collaborating with local agencies, additional resources may be secured and duplicated efforts may be reduced.

Actions planned to develop institutional structure

Internally, the City of Pasadena Community Development Department works in conjunction with other City departments including, but not limited to, the City Controller's Office, Planning, Housing, Purchasing and Public Works. The City's current structure highlights commitment to ensuring that all functions perform in a concerted manner to guarantee an efficient and effective use of public and private resources with maximum output in the form of accomplishments. Underlying this effort is the recognized need to maintain a high level of coordination on projects involving other City departments and/or outside agencies.

The City of Pasadena's Community Development Department will address gaps and improve institutional structure using the following strategies:

- Discover, work with, and financially support Community Housing Development Organizations (CHDOs) to develop or rehabilitate affordable housing within the community;
- Use high level communication and project coordination among City departments and support the City's efforts to revitalize and/or stabilize low- and moderate-income neighborhoods; and
- Reduce and/or alleviate gaps in services and expedite the delivery of community development services to eligible residents.

Actions planned to enhance coordination between public and private housing and social service agencies

The promotion of community development and the leveraging of resources to maximize program outcomes are the ultimate goals between the City of Pasadena Community Development Department and its partners in the public and private housing and social service sectors. Coordination with the Coalition for the Homeless Houston/Harris County, Continuum of Care (CoC), Community Development Advisory Board, and various City departments will continue to expand opportunity and enhance services provided throughout the community.

Discussion:

While continuously refining its program strategies, the City of Pasadena Community Development Department will address obstacles to meet underserved needs, like poverty, and foster affordable housing by enhancing coordination and developing greater collaboration with local providers and surrounding communities.

**HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(I)(2)**

- 1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:**

The City of Pasadena is not utilizing other forms of investment beyond those identified in Section 92.205.

- 2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:**

Recapture Provisions:

The City of Pasadena will enforce the Recapture Provisions in cases where HOME funds are provided as a direct subsidy to a homebuyer. Recaptured funds as a result of property being sold, rented, or vacated within the affordability period must be used for HOME eligible projects. Recaptured funds are not considered program income and cannot be used for planning and administrative costs. *Direct HOME subsidy* is the entire amount of HOME assistance that enabled the homebuyer to purchase the home. The direct subsidy includes down payment assistance, closing cost, rehabilitation costs or other HOME assistance provided directly to the homebuyer or homeowner.

The HOME rule limits recapture to available net proceeds. Therefore, the City can only recapture what is available from net proceeds. Net proceeds is the sales price minus superior loan repayment (other than HOME funds) and any closing costs. The City of Pasadena will reduce the amount of direct HOME subsidy on a prorate basis for the time the original homebuyer has owned and occupied the home, measured against the required affordability period.

Resale Provisions:

Resale provisions ensure that the HOME-assisted units remain affordable throughout the entire affordability period. The Resale Provisions are used in cases where HOME funding is provided directly to a developer to reduce development costs, thereby, making the price of the home affordable to the buyer. Referred to as "development subsidy", these funds are not repaid by the developer to the City, but remain with the property for the length of the affordability period. Specific examples where resale provisions would be used include:

- Funds are provided to developers for acquisition and development of property or to acquire affordable ownership units;
- Funds are provided for site preparation or improvement, including demolition; and,
- Funds are provided for construction materials and labor.

The City of Pasadena will administer its resale provisions by ensuring that if the property is sold

during the period of affordability, the price at resale provides the original HOME-assisted homebuyer with a fair return on investment. It is important to note that in certain circumstances, such as a declining housing market where home values are depreciating, the original homebuyer may not receive a return on his or her investment because the home sold for less or the same price as the original purchase price.

All HOME-assisted units "designated as affordable units" shall meet the following criteria:

- The subsequent purchaser must be low-income as defined by HOME and occupy the home as the principal residence;
- The sales price must be affordable to the subsequent purchaser. Affordable is defined as limiting the principal, interest, taxes and insurance (PITI) amount to no more than 30% of the new purchaser's household monthly income;
- Under no circumstances may the "affordable" sales price exceed 95% of the median purchase price for the area; and,
- The City of Pasadena's definition of reasonable range of low-income homebuyers are families between 60 to 80 percent of area median income.

Recapture or resale provisions must be detailed and outlined in accordance with 24 CFR 92.254 in marketing brochures, written agreements, and all legal documents with homebuyers. Recapture or resale provisions may be used within a project, but not both. Combining provisions to create hybrids is not allowed.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

Affordability for homeownership projects undertaken using the recapture provision shall be ensured through the use of real estate lien notes and/or restrictive covenants outlining the City's recapture provisions. Homeownership projects undertaken using the resale provision shall use deed restrictions, covenants running with the land, or other similar mechanisms per 92.254(a)(5)(i)(A) to ensure the resale requirements are met. The period of affordability is based on the total amount of HOME funds invested in the housing project.

Recapture and Resale Provisions, adopted by the City of Pasadena, are included within Appendix III, Unique Appendices.

4. **Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:**

The City of Pasadena does not anticipate using HOME funds to refinance existing debt secured by multifamily housing that is being rehabilitated with HOME funds.

Emergency Solutions Grant (ESG) Reference 91.220(I)(4)

1. **Include written standards for providing ESG assistance**

Written Standards for providing ESG assistance are included within the Unique Appendices III.

2. **If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.**

The Continuum of Care (COC) in the Houston area has established a centralized and coordinated assessment system that meets HUD requirements. The Coordinated Access System (CAS) institutes consistent and uniform assessment and referral processes to determine and secure the most appropriate response to each individual or family's immediate and long-term housing needs. The Coordinated Access System is designed to 1) allow anyone who needs assistance to know where to go to get that assistance, to be assessed in a standard and consistent way, and to connect with the housing /services that best meet their needs; 2) ensure clarity, transparency, consistency and accountability for homeless clients, referral sources and homeless service providers throughout the assessment and referral process; 3) facilitate exits from homelessness to stable housing in the most rapid manner possible given available resources; 4) ensure that clients gain access as efficiently and effectively as possible to the type of intervention most appropriate to their immediate and long-term housing needs; 5) ensure the people who have been homeless the longest and/or are the most vulnerable have priority access to scarce permanent supportive housing resources.

Several roles play a part in the operation of the Coordinated Access System. These roles include; the Coordinating Entity, which is responsible for the daily administration of the Coordinated Access System (The Coalition for the Homeless Houston/Harris County serves as the Coordinated Entity); the Project Manager (staffed by the Coordinating Entity); Assessment Hubs, which are selected agency sites that provide prompt access to intake and assessments; Housing Assessors, who complete the Coordinated Access Housing Assessment using HMIS; Housing Navigators, who begin the process of securing an identified, available unit; Receiving Programs, which are all Permanent Supportive Housing , Rapid Re-Housing, and Transitional Housing programs and have responsibilities that include reporting vacancies to the Coordinated Entity and responding to referrals from the Coordinated Access System; and Authorized User Agencies; which are housing providers that choose to or are required to participate in the Coordinated Access System and have access to the Homeless

Management Information System (HMIS) database.

The pathway through the Coordinated Access System includes the following steps:

- 1) Connecting to the Coordinated Access System/Initial Requests for Services
- 2) Housing Assessment
- 3) Housing Match
- 4) Housing Referral
- 5) Housing Navigation

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The City of Pasadena releases a public notice as notification of fund availability to solicit ESG Program eligible projects. The Community Development Department then reviews and evaluates the proposed applications based on completion of the application, program eligibility, capacity and effectiveness of the organizations serving the community. The Community Development Advisory Board, which consists of representatives appointed by the Mayor and approved by City Council, evaluates the proposed applications and provides funding recommendations for the upcoming program year. The final approval of funding rests with the City of Pasadena City Council.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

In an effort to remain in compliance with the homeless participation requirement in 24 CFR 576.405(a), the City of Pasadena remains active within the Coalition for the Homeless and seeks guidance from the Consumer Representatives (previous homeless individuals) which currently hold a position on the Steering Committee. The Community Development Department also makes every effort to attend all seminars and trainings that are provided by the Coalition for Homeless. Through agreements, the City of Pasadena also requires subrecipients to hold at least one chair for a previously homeless individual on their Board of Directors.

The City has ensured at least one agency funded through ESG has a homeless or formerly homeless individual in a position to offer recommendations on policies and services funded under ESG. The City also consults with formerly homeless individuals through subrecipient agencies and takes their input into consideration in the development of the City's Annual Action Plan. At this time, the City does not have a previously homeless representative on the Community Development Advisory Board.

5. Describe performance standards for evaluating ESG.

An executed agreement between the City of Pasadena and the subrecipient is required for all activities funded by HUD allocations, prior to project implementation and expenditure of funds. The agreement will provide the basis for all expenditures, monitoring of project production, timeliness, and compliance.

In addition to delineating the basic standards and regulations in effect for the particular funding source, the agreement will set forth responsibilities and procedures for each party, establish performance and product measures, and specify monitoring review schedules and compliance terms. The agreement ensures that the program is implemented and completed in a time and cost effective manner, and in accordance with all applicable statutory requirements.

The City of Pasadena will continue to partner with the Coalition for the Homeless and other ESG grantees within the Continuum to end and prevent homelessness. As the program regulations change, the City will update program policies as appropriate to ensure an effective program is operating within compliance. The City is constantly seeking to improve the ESG program and maximize both the quality and quantity of services provided to the City's homeless and those who are at risk of becoming homeless.

Informational Open House and Public Draft Environmental Impact Statement (DEIS) Comment Meeting for the Sea Port Oil Terminal Deepwater Port License Application

The U.S. Coast Guard (USCG) and the Maritime Administration (MARAD) completed their preparation of a Draft Environmental Impact Statement (DEIS) for the Sea Port Oil Terminal (SPOT) deepwater port license application. The application proposes the construction and operation of a deepwater port (DWP) that would be located approximately 30 nautical miles southwest of Freeport, Brazoria County, Texas. The DWP would be constructed and operated in federal waters of the Outer Continental Shelf in Galveston Bay lease block 463 at a water depth of approximately 145 feet. The DWP would serve as an offshore crude oil receiving terminal and transmission facility and would have the capability of loading up to 65,000 barrels per hour and allow for up to two very large crude carriers, or other types of carriers, to moor and be loaded concurrently. Crude oil would be delivered to the DWP via a new onshore pipeline that would run from the existing ECHO Terminal to a new crude oil storage terminal located near Flycatcher Creek, Texas, as well as a set of subsea pipelines running from the DWP near Freeport, Texas to the DWP.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. 5.10 Resale and Recapture Provisions 24 CFR 92.254 (Notice: CPD 12-003)

The City's HOME Program uses funds to provide affordable housing by assisting homebuyers, homeowners, and developers. The types of subsidy include acquisition, rehabilitation, or new construction of single-family housing to individual low-income homebuyers and/or homeowners. The HOME funds may be structured in a variety of ways, including low-interest, zero-interest, deferred payment loans, or grants. The City of Pasadena shall determine, based upon the type of subsidy, form of ownership, and type of market in which the property is located, whether the period of affordability shall be enforced by either the resale or recapture policy.

The City administers three (3) programs which use HOME funds to assist homebuyers and homeowners:

- Down Payment Assistance (DPA) – 1st Time Homebuyers;
- Acquisition and Development– developers of new ownership housing; and
- Homeowner Rehabilitation Services Program (HRSP) – rehabilitation of single-family, owner-occupied housing.

5.10.1 Resale Policy

The resale policy ensures that HOME-assisted units remain affordable over the entire affordability period. The resale policy will be used in cases where HOME funds are provided directly to a developer to reduce development costs, thereby, making the price of the home affordable to the buyer. Referred to as "development subsidy", these funds are not repaid by the developer to the City, but remain with the property for the length of the affordability period.

Specific examples where the resale policy will be implemented include:

- Funds are provided to developers for acquisition and development of property or to acquire affordable ownership units;
- Funds are provided for site preparation or improvement, including demolition; and
- Funds are provided for construction materials and labor.

Ensuring Long Term Affordability

The HOME rule at CFR 24 92.254(a)(3) requires the City HOME-assisted homebuyer housing be acquired by an eligible low-income household and the housing must remain the principal residence throughout the period of affordability. If ownership is transferred voluntarily or involuntarily, or otherwise, during the period of affordability, the home may only be made available for subsequent purchase to a buyer whose household qualifies as low-income and will use the property as a principal residence.

Fair Return on Investment

The City will administer its resale policy to ensure that if the property is sold during the period of affordability, the price at resale provides the original HOME-assisted homebuyer a fair return on investment. Fair return is determined using:

- The original homebuyer's initial investment (down payment);
- Any principal payments made;
- Any capital improvements, documented with receipts provided by the homeowner, including, but not limited to:
 - Any additions to the home such as a bedroom, bathroom, or garage;
 - Replacement of heating, ventilation, and air conditioning systems;
 - Accessibility improvements such as bathroom modifications for disabled or elderly persons, installation of wheel chair ramps and grab bars, any and all of which must have been paid for directly by the homeowner and which were not installed through a federal, state, or locally-funded grant program;
- Outdoor improvements such as a new driveway, walkway, retaining wall or fence; and
- The average change in the Consumer Price Index over the period of ownership.
- http://www.bls.gov/data/inflation_calculator.htm

It is important to note that in certain circumstances, such as a declining housing market where home values are depreciating, the original homebuyer may not receive a return on his or her investment because the home sold for less, or the same price, as the original purchase price.

$$(\text{Down Payment} + \text{Principal Payments} + \text{Capital Improvements}) \times \text{Consumer Price Index} = \text{Fair Return}$$

$$\text{Down Payment} + \text{Principal Payments} + \text{Capital Improvements} + \text{Fair Return} = \text{Total Return to the Original Homebuyer}$$

Affordability to a Range of Buyers

The resale policy will ensure the HOME-assisted unit remains affordable over the entire period of affordability. All HOME-assisted units "designated as affordable units" shall meet the following criteria:

- The subsequent purchaser must be low-income as defined by HOME and occupy the home as his/her primary residence for the remaining years of the affordability period. (However, if the new purchaser receives direct assistance through a HOME-funded program, the affordability period will be recalculated according to the amount of assistance provided);
- The sales price must be affordable to the subsequent purchaser. Affordable is defined as limiting the principal, interest, taxes, and insurance (PITI) amount to no more than 30% of the new purchaser's household monthly income;
- Under no circumstances may the "affordable" sales price exceed 95% of the median purchase price for the area; and
- The City's definition of reasonable range of low-income homebuyers are families between 60 to 80 percent of area median income.

Affordability Requirements of the HOME Program

The HOME-assisted requirements state that in order for homeownership housing to qualify as affordable it must:

- Be single-family, modest housing;
- Be acquired by a low-income household as its principal residence;
- Meet affordability requirements for a specific period of time as determined by the amount of assistance provided; and
- Consistent with 24 CFR Part 92.254(a)(4), the following minimum period of affordability shall be enforced for homebuyer projects:

HOME Assistance per Unit	Minimum Period of Affordability
Under \$15,000	5 years
\$15,000 to \$40,000	10 years
Over \$40,000	15 years

Period of Affordability under Resale

The HOME rule states that the period of affordability is based on the total amount of HOME funds invested in the unit for the original and subsequent homebuyers. This option also ensures that the HOME-assisted unit remains affordable over the entire period of affordability, even if unit is sold to a subsequent new homebuyer.

Enforcement of the Affordability Period

The resale policy will be imposed for the duration of the period of affordability through a written agreement with the homebuyer and will be enforced through the use of a lien, deed restriction, or covenant running with the land. The City will file the lien and/or Deed of Trust with the Harris County Clerk's Office within 30 days of execution, unless otherwise specified per a written agreement or contract with the developer or subrecipient. The lien will specify:

- The length of the affordability period (based on the dollar amount of HOME funds invested in the unit; either 5,10,15 years);
- The home must remain the homebuyer's principal residence throughout the affordability period; and
- The conditions and obligations of the owner, should the owner wish to sell before the end of the affordability period.

The resale policy will be triggered and enforced if any one of the following events occur during the period of affordability:

- The homebuyer sells, transfers or disposes of the property or home whether voluntarily or involuntarily;
- The homebuyer fails to occupy the home as the principal residence; and,
- The homebuyer violates any terms of any Agreements entered into with the City.

EXAMPLE: A person (the "original homebuyer") purchased a home with a 10-year affordability period six years ago and now wishes to sell. The original homebuyer's mortgage was \$52,250 at 6.75% interest for 30 years, and has made payments for 72 months. The current mortgage balance is \$48,270. The principal amount paid down so far is \$3,980.

Calculating Fair Return on Investment:

Down payment: The original homeowner was required to put down \$1,000 earnest money at the signing of the sales contract.

Cost of Capital Improvements: The original homeowner had a privacy fence installed four years ago at the cost of \$1,500 and has receipts to document the improvement. A visual inspection confirmed the fence is still in place.

Percentage of Change: The original purchase price for the home was \$55,000 and the amount of developer subsidy was \$25,000, thus requiring the 10-year affordability period.

For the purpose of using the Consumer Price Index (CPI) calculator, the home was purchased in 2009 and will be calculated for the same buying power as in 2015. Using the CPI Inflation Calculator, the house would be worth approximately \$60,175.

Calculating the Fair Return to the Original Owner:

Down Payment:	\$1,000
Capital Improvements:	\$1,500
Principal Paid:	\$3,980
Increase in Value per CPI:	\$5,175
	\$11,655 Fair Return on Investment

In order to realize a fair return to the original homeowner, the sales price must be set at roughly \$60,000 (i.e. \$55,000 [\$3,980 in principal payments made plus remaining mortgage balance of \$48,270] + \$1,000 down payment + \$1,500 capital improvements + \$5,175 CPI increase = \$60,000).

Affordability for a Range of Buyers: If the original homebuyer sets the sales price at \$60,000 to get a fair return on investment, and if current (2015) assumptions are used for front/back ratios, interest rates, insurance, taxes, a 95% Loan-to-Value (LTV) Ratio, etc., the monthly principal, interest, taxes and insurance (PITI) payments would be approximately \$550.

The PITI of \$483 could, in theory, be supported by an annual household income of \$22,000 and not exceed 30% of the subsequent homebuyer's monthly income. The housing costs could be supported more realistically by households with incomes between 50% and 80% MFI. However, with a 95% LTV ratio, most buyers will require down payment assistance which, if HOME funds are used, would create a new affordability period based on the level of the new HOME investment.

If the subsequent homebuyer does not require any HOME subsidy to purchase the home, the affordability period would end in 4 years, at which time the subsequent homebuyer could sell to any buyer at any price.

5.10.2 Recapture Policy

The recapture policy as outlined in 24 CFR Part 92.254(a)(5)(ii)(A)(1) through (7) shall be enforced in cases where HOME funds are provided as a direct subsidy to a homebuyer or homeowner.

The recapture policy will be triggered if any one of the following events occur during the period of affordability:

- The homebuyer/homeowner sells, transfers or disposes of the property or home whether voluntarily or involuntarily;
- The homebuyer/homeowner fails to occupy the home as the principal residence; and
- The homebuyer/homeowner violates any terms of any Agreements entered into with the City.

Recaptured funds as a result of property being sold, rented or vacated within the affordability period must be used for HOME eligible projects. Recaptured funds are not considered program income and cannot be used for planning and administrative costs.

Direct Subsidy

Direct HOME Subsidy is the entire amount of HOME assistance that enabled the homebuyer to buy the home. The direct subsidy includes down payment assistance, closing costs, rehabilitation costs or other HOME assistance provided directly to the homebuyer or homeowner.

Net Proceeds

Net proceeds is the sales price minus superior loan repayment (other than HOME funds) and any closing costs. The HOME rule limits recapture to available net proceeds, therefore, the City can only recapture what is available from net proceeds.

Affordability Requirements of the HOME Program

The HOME requirements state that in order for homeownership housing to qualify as affordable it must:

- Be single-family, modest housing;
- Be acquired by a low-income family as its principal residence; and
- Meet affordability requirements for a specific period of time as determined by the amount of assistance provided.

Consistent with 24 CFR Part 92.254(a)(4), the following minimum period of affordability shall be enforced for homebuyer projects:

HOME Assistance Per Unit	Minimum Period of Affordability
Under \$15,000	5 years
\$15,000 to \$40,000	10 years
Over \$40,000	15 years

The HOME requirements state that in order for housing that is currently owned by a family, such as housing that is rehabilitated without acquisition (i.e. owner-occupied housing rehabilitation), to qualify as affordable:

- The estimated value of the property, after rehabilitation, does not exceed 95 percent of the median purchase price for the area; and;
- The housing must be the principal residence of the household and qualify as low-income at the time HOME funds are committed to the housing.

The City imposes a separate affordability period for the Housing Rehabilitation Services Program for income eligible, single-family, owner-occupied households. Therefore, households receiving rehabilitation assistance must meet affordability requirements for a specific period of time as determined by the amount of assistance provided, as specified below.

HOME Assistance to Household	Imposed Period of Affordability
Under \$50,000	5 years
\$50,000 or Greater	10 years

For homeowners assisted under the Housing Rehabilitation Services Program, if the last surviving homeowner dies, the imposed affordability period is extinguished and the deferred payment loan will be forgiven in its entirety. A copy of the death certificate shall be provided to the City of Pasadena Community Development Department.

For homeowners assisted under the Housing Rehabilitation Services Program (HRSP), if the homeowner(s), by diagnosis of a doctor, are determined to no longer have the capacity to live independently in their home and are forced to reside in another location for caregiver support, the affordability period is extinguished and the deferred payment loan will be forgiven in its entirety. A written determination made by the doctor or physician, shall be provided to the City of Pasadena CDD.

Enforcement of the Affordability Period

The recapture policy will be enforced through the use of a lien, deed of trust and/or written agreement signed by the homebuyer/homeowner at closing. The lien will specify:

- The length of the affordability period (based on the dollar amount of HOME funds invested in the unit, either 5 or 10 years);
- The home must remain the homebuyer/homeowner’s principal residence throughout the affordability period; and,
- The conditions and obligations of the homebuyer/ homeowner, should the homebuyer/homeowner wish to sell before the end of the affordability period.

Reduction during the Affordability Period

The City will reduce the amount of direct HOME subsidy on a pro-rata basis for the time the original homebuyer/homeowner has owned and occupied the home, measured against the required affordability period. The pro-rata amount that will be recaptured by the City of Pasadena is determined as follows:

- Divide the number of years (within the affordability period) the original homebuyer occupied the home by the period of affordability, and;
- Multiply the resulting figure by the total amount of direct HOME subsidy originally provided to the homebuyer.

$$\frac{\text{Number of years homebuyer occupied home}}{\text{Total Period of affordability}} \times \text{Total direct HOME subsidy} = \text{Recapture amount}$$

Long Term Affordability

No requirements to subsequent new homebuyer.

EXAMPLE: A homebuyer received \$10,000 of HOME down payment assistance and purchases a home developed with HOME funds for \$10,000 below fair market value. The total direct HOME subsidy to the homebuyer is \$20,000 and requires a 10-year period of affordability. If the homebuyer sells the unit in year 5 of the 10-year period of affordability, the City would forgive 50 percent of the direct HOME subsidy and recapture 50 percent of the direct HOME subsidy, or \$10,000 of the \$20,000 HOME investment, assuming that there are sufficient net proceeds available.

$$\frac{\text{Owner resided in home for 5 years}}{10\text{-year period of affordability}} \times \$20,000 \text{ HOME Investment} = \$10,000 \text{ recaptured}$$

7.5.2 Application Process

Prospective applicants may contact the City of Pasadena CDD to obtain information about assistance provided by the HOME Program. The waiting list for rehabilitation/reconstruction assistance is opened periodically based on the City's receipt of HOME funding allocations. Prior to opening of the waiting list, the CDD will notify the public by means of a public notice, social media, flyers, mail outs to community residents and on the City of Pasadena website.

For the application to be considered for review, the applicant must submit the following completed forms:

- Copy of the latest Deed on record and the applicant must be named as an owner or purchaser of the property;
- Additional owners must sign all completed application forms;
- When the person named in the Deed as an owner or purchaser is deceased, the applicant shall provide adequate proof that the deceased person's ownership share was granted to the applicant, documented by the descendant's probated last will and testament and death certificate. If there is more than one person named as heir, the applicant must have obtained from other heirs quit claim deeds in which the other heirs renounce their claim to the property and grant or sell their rights to the applicant; and
- Proof of all current income and assets, as according to the Part 5 Guidebook.

Assistance shall be provided on a first come, first served basis.

The CDD shall notify each applicant by certified or registered mail when it is time for his/her application to be reviewed. The notification shall contain all information the applicant will need to provide in order for the application to be processed. The applicant shall have fifteen (15) days to respond to the notice. After the fifteen (15) days, if the applicant fails to respond to the request, his/her application will be considered void and shall be dropped from the waiting list. The applicant may submit a new application once the waiting list has reopened, but shall not be given priority over others.

The CDD shall review the application and verifications of ownership and income. Based upon the review, the CDD may request additional information from the applicant or reject the application if the property and/or homeowner does not qualify. The review process shall include:

- Review of all provided documentation;

- Perform a Criminal Background Check to determine eligibility according to the policy refer to Appendix F;
- Preliminary inspection of the property to be rehabilitated;
- Preliminary estimate of the cost of the work;
- Examine Appraisal District tax records to determine if all property taxes have been paid and to determine the last appraised value for the property;
- Prepare a summary of information from the application and results of the review, including any special circumstances; and
- Present findings and recommendation to the Community Development Manager and the Director of Housing and Community Development.

All applications not rejected by CDD staff are presented to the Community Development Manager to review for final approval.

INTRODUCTION

The City of Pasadena (THE CITY) has developed the following standards for providing assistance with Emergency Solutions Grants (ESG) funds as required by 24 CFR 576.400 (e). These standards were created in coordination with the Houston/Harris County Continuum of Care which includes Harris County, the City of Houston, Fort Bend County and the City of Pasadena, and Texas Department of Housing and Community Affairs funding within the CoC geographic area. They are in accordance with the interim rule for the Emergency Solutions Grants Program released by the U.S. Department of Housing and Urban Development on December 4, 2011 and the final rule for the definition of homelessness also released by the U.S. Department of Housing and Urban Development on December 4, 2011.

The City of Pasadena expects that the standards will adjust as the THE CITY gains more experience with and collects more data from services provided with the Emergency Solutions Grants program. The Standards serve as the guiding principles for funding programs.

STANDARDS APPLICABLE TO ALL PROGRAM COMPONENTS

ELIGIBLE ESG PROGRAM COMPONENTS

There are four (4) ESG Program Components:

1. Rapid Re-Housing
2. Emergency Shelter,
3. Homelessness Prevention and
4. Street Outreach.

Funds for ESG can be used to support any of the eligible components. The CoC gives priority to funding that supports securing housing options for homeless households and to support the expansion of rapid re-housing.

COORDINATING ASSESSMENT & SERVICES AMONG PROVIDERS

Designate staff members for CoC Provider Input forum: Each agency will assign two representatives to the input forum, where at least one member has decision making capacity for the program. CoC Provider Input Forums will meet quarterly, or more often as required by current CoC policies, where providers give and receive information regarding CoC strategies and policies.

Participate in any standardized training as designated by ESG funders and offered through CoC . The CoC will provide a vetted and standardized training curriculum for all housing stability case managers that will be available for all agencies providing case management for housing based services. The curriculum and standards will be developed as a part of and in partnership with the Continuum of Care Technical Assistance from the Department of Housing and Urban Development. This will focus on the requirements of maintaining stable housing and ensure access to mainstream resources that will provide ongoing, continued and necessary support for households to gain and maintain stable housing.

COORDINATING WITH MAINSTREAM AND TARGETED HOMELESS PROVIDERS

The City of Pasadena expects that every agency that is funded through ESG will coordinate with and access mainstream and other targeted homeless resources. The City of Pasadena will evaluate performance of each provider based on the outcomes achieved toward housing models adopted through the CoC Steering Committee. These outcome measures will be used to evaluate program success annually. The City of Pasadena will use this and other performance metrics to guide funding decisions for ESG funded programs. Required outcomes for each intervention around accessing mainstream resources will match the outcomes approved by the CoC Steering Committee annually.

STANDARDS SPECIFIC TO EMERGENCY SHELTER

ELIGIBILITY: HOMELESS STATUS

Homeless clients entering into the shelter system must meet the HUD criteria for homelessness as either literally homeless (Homeless Category 1), at imminent risk of homelessness (Homeless Category 2), homeless under another federal statute (Homeless Category 3), or fleeing/attempting to flee domestic violence (Homeless Category 4).

For additional details related to the HUD definition of Homeless and applicability to each program component, see Appendix A and Appendix C.

ELIGIBILITY: INTAKE AND ASSESSMENT

Specific to Emergency Shelter,

- Any new client entering into a shelter must also undergo a complete assessment to understand client needs and barriers and match the client to the most appropriate services provider. The standard assessment accounts for length and frequency of homelessness, physical and mental health status, criminal history, veteran status, domestic violence experience, substance abuse conditions and employment history.
- Clients will be prioritized within the emergency shelter system based on need, available resources, and geographic area.
- Emergency shelters are responsible to assess an individual or family's initial need for emergency shelter and must re-assess their need on an ongoing basis to ensure that only those individuals or families with the greatest need receive ESG-funded emergency shelter assistance. Shelters that serve families must serve all eligible families and may not refuse services based on the age of children or the size of the family.

ELIGIBILITY: PRIORITIZATION & REFERRAL POLICIES

Emergency shelters will prioritize individuals/families that:

- Cannot be diverted; and
- Are literally homeless; and
- Can be safely accommodate in the shelter; and
- Not in need of emergency medical or psychiatric services or danger to self or others.

Also note the following:

- Emergency Shelters cannot discriminate per HUD regulations.
- There are no requirements related to ID, income or employment.
- Transgender placement based on gender self-identification.

STANDARDS SPECIFIC TO HOMELESSNESS PREVENTION AND RAPID RE-HOUSING

ELIGIBILITY: STATUS AS HOMELESS OR AT-RISK OF HOMELESSNESS

HOMELESSNESS PREVENTION

Individuals/families, who meet the HUD criteria for the following definitions, are eligible for Homelessness Prevention assistance:

- At Risk of Homelessness
- Homeless Category 2: Imminently at-risk of homelessness
- Homeless Category 3: Homeless under other federal statute and
- Homeless Category 4: Fleeing/attempting to flee DV (as long as the individuals/families fleeing or attempting to flee DV are **not** also literally homeless. If the individuals/families are also literally homeless they would actually qualify for rapid re-housing instead. See below.)

Additional eligibility requirements related to Homelessness Prevention include:

- **Proof of residence** within the City of Pasadena service area.
- **Total household income below 30 percent of Area Family Income (AFI)** for the area at initial assessment. Clients must provide documentation of household income, including documentation of unemployment and zero income affidavit for clients without income.

RAPID RE-HOUSING

Individuals/families, who meet the HUD criteria for the following definitions, are eligible for Rapid Re-Housing assistance:

- Homeless Category 1: Literally homeless
- Homeless Category 4: Fleeing/attempting to flee DV (as long as the individuals/families fleeing or attempting to flee DV are **also** literally homeless).

For additional details related to the HUD definition of Homeless and At Risk of Homelessness and applicability of these definitions to each program component, see Appendix A, B and C.

ELIGIBILITY: INTAKE AND ASSESSMENT

All clients must have an initial eligibility assessment and triage for appropriate housing by a specially trained housing assessor. All clients are assessed using housing triage tool in HMIS. The standard assessment accounts for length and frequency of homelessness, physical and mental health status, criminal history, veteran status, domestic violence experience, substance abuse conditions and employment history.

TARGETED POPULATIONS: CLIENT PRIORITIZATION

HOMELESSNESS PREVENTION

Note that all targeted individuals and families described below have to meet the minimum HUD requirements for eligibility to HP.

RAPID RE-HOUSING

The City of Pasadena may provide assistance to individuals who are currently homeless but not in need of permanent supportive housing as eligible for rapid re-housing. This can include, but is not limited to individuals and households who,

- are first time homeless;
- have few recent episodes of homelessness; or
- are part of a family that is homeless.

It should be noted, rapid re-housing funds are directed to individuals with income or work history and skills that indicate employability.

FINANCIAL ASSISTANCE

DURATION AND AMOUNT OF ASSISTANCE

- All clients are assessed to determine initial need and create a budget to outline planned need for assistance.
- Agencies cannot set organizational maximums or minimums but must rely on the CoC wide tools to determine household need.
- Through case management, client files are reviewed monthly to ensure that planned expenditures for the month validate financial assistance request.
- The City of Pasadena expects that households will receive the minimum amount of assistance necessary to stabilize in housing.

Clients cannot exceed 24 months of assistance in a 36 month period.

PARTICIPANT SHARE

Participant share will be determined by use of common assessment and budgeting tools. Clients will participate in the development of their individual housing plan with a case manager based on client goals and shared goals for achieving housing stability. Financial assistance is available for households with zero income.

HOUSING STABILIZATION AND RELOCATION RELATED ASSISTANCE AND SERVICES

REQUIRED SERVICES: CASE MANAGEMENT & CASE LOADS

Homelessness prevention clients must have an initial home visit when first approved for assistance and subsequent house visits with each recertification every three months. It is expected that case managers will conduct office visits with homelessness prevention clients between home visits, at least once per month. Case managers and program managers are encouraged to provide more than the minimum required services through case management.

Case management includes home and office visits determined by client need and supported by the housing plan.

As required by the Continuum of Care Housing Models, case managers are expected to follow up with clients that have successfully exited rapid re-housing case management at a minimum of 30 days after exiting the program. Clients who remain in housing for 90 days after exiting rapid re-housing, identified through HMIS, are categorized as stably housed.

Case management staff must have an updated copy of the Rental Assistance Agreement and ensure that the fiscal agent is informed of any changes to the participant rent share as indicated in the Housing Stabilization Plan.

REQUIRED SERVICES: HOUSING LOCATION SERVICES

Any subrecipient of ESG assistance must also have a dedicated housing navigation and location specialist for households receiving rapid re-housing, rather than the expectation that clients must navigate the system on their own. This specialized position will be dedicated to finding appropriate housing and developing relationships with affordable housing providers. This process facilitated by this position ensures ESG clients have greater housing choice. Housing navigators for rapid re-housing may have expertise based on location and type of housing.

REQUIRED SERVICES: INSPECTION AND LANDLORD AGREEMENT

Any unit that receives financial assistance through rapid re-housing must pass a Housing Quality Standards Inspection as outlined in the ESG regulations. The inspections will be conducted by a qualified agency with expertise in inspection.

Any unit that receives rental assistance payments through rapid re-housing must have an agreement in place between the financial assistance fiscal intermediary and the property. The rental assistance agreement details the terms under which rental assistance will be provided.

INELIGIBLE SERVICES: CREDIT REPAIR AND LEGAL SERVICES

The City of Pasadena will not allow ESG funds to be used for credit repair and legal services to be eligible activities. The City of Pasadena has found limited access to this resource by clients and providers and will instead encourage the use of mainstream service providers and establish them as part of the system of providers with formal relationships.

OPTIONAL SERVICES: SECURITY/UTILITY DEPOSITS

Rental and utility deposits can be included in housing stabilization services as dictated by the housing stabilization plan. Rental and utility deposits can be included in lieu of or in combination with rental assistance for a unit.

Security deposits can cover up to two months of rent.

OPTIONAL SERVICES: RENTAL APPLICATION FEES

The City of Pasadena expects that rapid re-housing navigation and location specialists will work closely with housing providers and establish trusting relationships among landlords in a way that will encourage property owners and managers to waive application fees for rental properties. To that end, application fees can only be provided for one application at a time; but note that this only limits the number of applications that require application fees. Case managers and housing specialists can and should work with clients and landlords to process as many free applications as possible.

ELIGIBILITY: PERIODIC RE-CERTIFICATION

All case managers are required to re-certify clients based on the following schedule. At that time, a case manager may decide to extend, decrease or discontinue providing assistance.

Program Component	Schedule	Re-certification Criteria
Homelessness Prevention	Every 3 months	For both HP and RRH, to continue to receive assistance, clients must <ul style="list-style-type: none"> • be at or below 30% AFI AND • lack sufficient resources and support networks necessary to retain housing without ESG assistance. Families are required to provide information on income, assets greater than \$5,000, deductions, and family composition during the annual recertification process.
Rapid Re-Housing	Annually	

ELIGIBILITY: HOMELESS STATUS

Individuals/ families who meet the HUD criteria for the following definitions are eligible for Street Outreach services:

- Homeless Category 1: Literally Homeless
- Homeless Category 4: Fleeing/ attempting to flee DV (where the individuals/ families also meet the criteria for Category 1)

In addition, individuals and families must be living on the streets or other places not meant for human habitation **and** be unwilling or unable to access services in an emergency shelter.

TARGET POPULATION

Although the homeless population is considered a vulnerable population, street outreach activities should target those who are extremely vulnerable including youth and chronically homeless persons.

Revised 2017

ENGAGEMENT/COLLABORATION

The City of Pasadena requires that agencies conducting street outreach activities must engage with unsheltered homeless persons for the purpose of providing immediate support, intervention or connections with mainstream social service programs. The connection of any unsheltered person to an emergency shelter, supportive housing, and/or referral to social service agencies will serve as immediate support and intervention for housing stabilization or critical services.

Agencies are encouraged to use evidenced based practices for their street outreach efforts; including the Housing First Model that quickly connects individuals to permanent housing in the face of acute barriers to entry into housing programs. Additionally, the agencies will participate in the local Continuum of Care's Street Outreach Workgroup and utilize the Coordinated Access Assessment to identify barriers to housing.

ELIGIBILITY: INTAKE AND ASSESMENT

The City of Pasadena requires that agencies conducting street outreach activities must provide individuals and families with an assessment and enter data into HMIS or a comparable database for DV providers. The City of Pasadena encourages providers to develop relationships with unsheltered homeless persons that will help connect them with emergency shelter and housing services through a referral to Coordinated Access.

APPENDIX E: EMERGENCY TRANSFER PLAN FOR VICTIMS OF DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, OR STALKING

Emergency Transfers

[Insert name of ESG Subrecipient or Provider], ESG Provider, is concerned about the safety of its Program Participants who receive rental assistance, and such concern extends to the Program Participants who have experienced domestic violence, dating violence, sexual assault, or stalking. In accordance with the Violence Against Woman Act (VAWA),¹ ESG Provider allows Program Participants who have experienced domestic violence, dating violence, sexual assault, or stalking to request an emergency transfer from the Program Participant's current unit to another unit. The ability to request a transfer is available regardless of sex, gender identity, or sexual orientation.² The ability of ESG Provider to honor such request for Program Participants currently receiving assistance, however, may depend upon a preliminary determination that the Program Participant is or has experienced domestic violence, dating violence, sexual assault, or stalking, and on whether ESG Provider has dwelling unit that is available and is safe to offer the Program Participant for temporary or more permanent occupancy.

¹ Despite the name of this law, VAWA protection is available to all victims of domestic violence, dating violence, sexual assault, and stalking, regardless of sex, gender identity, or sexual orientation.

² Housing providers cannot discriminate on the basis of any protected characteristic, including race, color, national origin, religion, sex, familial status, disability, or age. HUD-assisted and HUD-insured housing must be made available to all otherwise eligible individuals regardless of actual or perceived sexual orientation, gender identity, or marital status.

This plan identifies Program Participants who are eligible for an emergency transfer, the documentation needed to request an emergency transfer, confidentiality protections, how an emergency transfer may occur, and guidance to Program Participants on safety and security. This plan is based on a model emergency transfer plan published by the U.S Department of Housing and Urban Development (HUD), the Federal agency that oversees that Emergency Solutions Grants is in compliance with VAWA.

Eligibility for Emergency Transfers

A Program Participant who has experienced domestic violence, dating violence, sexual assault, or stalking, as provided in HUD's regulations at 24 CFR part 5, subpart L is eligible for an emergency transfer, if: the Program Participant reasonably believes that there is a threat of imminent harm from further violence if the Program Participant remains within the same unit. If the Program Participant has experienced sexual assault, the Program Participant may also be eligible to transfer if the sexual assault occurred on the premises within the 90-calendar-day period preceding a request for an emergency transfer.

A Program Participant requesting an emergency transfer must expressly request the transfer in accordance with the procedures described in this plan.

Program Participants who are not in good standing may still request an emergency transfer if they meet the eligibility requirements in this section.

Emergency Transfer Request Documentation.

To request an emergency transfer, the Program Participant shall notify HP'S management office and submit a written request for a transfer to [ESG Subrecipient or Provider to insert location]

ESG Provider will provide reasonable accommodations to this policy for individuals with disabilities. The Program Participant's written request for an emergency transfer should include either:

1. A statement expressing that the Program Participant reasonably believes that there is a threat of imminent harm from further violence if the Program Participant were to remain in the same dwelling unit assisted under the ESG Provider's program; OR
2. A statement that the tenant was a sexual assault victim and that the sexual assault occurred on the premises during the 90-calendar-day period preceding the tenant's request for an emergency transfer.

ESG Provider must keep records of all requests and outcomes of such requests, which will be reported to the Texas Department of Housing and Community Affairs.

Confidentiality

The ESG Provider will keep confidential any information that the Program Participant submits in requesting an emergency transfer, and information about the emergency transfer, unless the Program Participant gives ESG Provider written permission to release the information on an time limited basis, or disclosure of the information is required by law or required for use in an eviction proceeding or hearing regarding termination of assistance from the covered Program. This includes keeping confidential the new location of the dwelling unit of the Program.

Participant, if one is provided, from the person(s) that committed an act(s) of domestic violence, dating violence, sexual assault, or stalking against the Program Participant. See the Notice of Occupancy Rights under the Violence Against Woman Act for all Program Participants for more information about HP'S responsibility to maintain the confidentiality of information related to incidents of domestic violence, dating violence, sexual assault, or stalking.

Emergency Transfer Timing and Availability

ESG Provider cannot guarantee that a transfer request will be approved or how long it will take to process a transfer request. ESG Provider will, however, act as quickly as possible to move a Program Participant who is a victim of domestic violence, dating violence, sexual assault, or stalking to another unit, subject to availability and safety of a unit. If a program Participant reasonably believes a proposed transfer would not be safe, the Program Participant may request a transfer to a different unit. If a unit is available, the transferred Program Participant must agree to abide by the terms and conditions that govern occupancy in the unit to which the Program Participant has been transferred. ESG Provider may be unable to transfer a Program Participant to a particular unit if the Program Participant has not or cannot establish eligibility for that unit.

If ESG Provider has no safe and available units for which a Program Participant who needs an emergency is eligible, ESG Provider will assist the Program Participant in identifying other housing providers who may have safe and available units to which the Program Participant could move. At the Program Participant's request, ESG Provider will also assist Program

Participants in contacting the local organizations offering assistance to victims of domestic violence, dating violence, sexual assault, or stalking that are attached to this plan.

If ESG Provider assists through project-based rental assistance and if a program Participant qualifies for an emergency transfer, but a safe unit is not immediately available for an internal emergency transfer, that Program Participant shall have priority over all other applicants for tenant-based rental assistance, utility assistance, and units for which project-based rental assistance is provided.

For families receiving tenant-based rental assistance, the following actions will be taken for the non-transferring family member(s), if the family separated in order to effect an emergency transfer: **[ESG Subrecipient or Provider insert actions here]**.

Safety and Security of Program Participants

Pending processing of the transfer and the actual transfer, if it is approved and occurs, the Program Participant is urged to take all reasonable precautions to be safe.

Purpose and Background

Under the requirements of the Homeless Emergency Assistance and Rapid Transition to Housing: Continuum of Care Program (HEARTH Act), the TX-700 Continuum of Care has implemented a coordinated assessment system. Coordinated assessment is a powerful tool designed to ensure that homeless persons and persons at risk of homelessness are matched, as quickly as possible, with the intervention that will most efficiently and effectively end their homelessness. The *Coordinated Access System* described in this manual is designed to meet the requirements of the HEARTH Act, under which, at a minimum, Continuums of Care must adopt written standards that include:

- (i) Policies and procedures for providing an initial housing assessment to determine the best housing and services intervention for individuals and families;
- (ii) A specific policy to guide the operation of the centralized or coordinated assessment system on how its system will address the needs of individuals and families who are fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, or stalking, but who are seeking shelter or services from non-victim service providers;
- (iii) Policies and procedures for evaluating individuals' and families' eligibility for assistance;
- (iv) Policies and procedures for determining and prioritizing which eligible individuals and families will receive transitional housing assistance;
- (v) Policies and procedures for determining and prioritizing which eligible individuals and families will receive rapid rehousing assistance;
- (vi) Policies and procedures for determining and prioritizing which eligible individuals and families will receive permanent supportive housing assistance;

The TX-700 Continuum of Care has designed the *Coordinated Access System* described in this manual to coordinate and strengthen access to housing for families and individuals who are homeless or at risk of homelessness throughout the city of Houston and Harris County. The *Coordinated Access System* institutes consistent and uniform assessment and referral processes to determine and secure the most appropriate response to each individual or family's immediate and long-term housing needs.

The *Coordinated Access System* is designed to:

- ❖ Allow anyone who needs assistance to know where to go to get that assistance, to be assessed in a standard and consistent way, and to connect with the housing/services that best meet their needs;
- ❖ Ensure clarity, transparency, consistency and accountability for homeless clients, referral sources and homeless service providers throughout the assessment and referral process;

- ❖ Facilitate exits from homelessness to stable housing in the most rapid manner possible given available resources;
- ❖ Ensure that clients gain access as efficiently and effectively as possible to the type of intervention most appropriate to their immediate and long-term housing needs;
- ❖ Ensure that people who have been homeless the longest and/or are the most vulnerable have priority access to scarce permanent supportive housing resources.

To achieve these objectives the *Coordinated Access System* includes:

- ❖ A **uniform and standard assessment process** to be used for all those seeking assistance and procedures for determining the appropriate next level of assistance to resolve the homelessness of those living in shelters, on the streets, or places not meant for human habitation;
- ❖ Establishment of **uniform guidelines** among components of homeless assistance (rapid rehousing and permanent supportive housing) regarding: eligibility for services, priority populations, expected outcomes, and targets for length of stay;
- ❖ Agreed upon **prioritization for accessing homeless assistance**;
- ❖ **Referral policies and procedures** from the system of coordinated access to homeless services providers to facilitate access to services;
- ❖ The **policies and procedure manual** contained herein and detailing the operations of the *Coordinated Access System*.

The implementation of the *Coordinated Access System* necessitates significant, community-wide change. To help ensure that the system will be effective and manageable for homeless persons and persons at-risk of homelessness and for the housing and service providers tasked with meeting their needs, a comprehensive group of stakeholders was involved in its design. In addition, particularly during the early stages of implementation, the TX-700 Continuum of Care anticipates adjustments to the processes described in this manual. A periodic evaluation of the *Coordinated Access System* will provide ongoing opportunities for stakeholder feedback. The *Coordinating Entity* will be responsible for monitoring the *Coordinated Access System*.

History

The Coordinated Access System is designed to assess eligibility for housing programs targeted to homeless persons. It is not a guarantee that the individual will meet the final eligibility requirements for - or receive a referral to - a particular housing option.

Housing Prioritization Tool

A single assessment tool will be used to prioritize homeless households for entry into permanent supportive housing or rapid rehousing program. The assessment tool is used to target youth, families, and single individuals. The housing prioritization tool focuses on the length of literal homelessness, physical & mental disabilities, frequency of service usage, & lack of adequate mental or health care. Additionally, families with minor children presenting for assessment are asked to provide information regarding what school district the child(ren) attend. Referrals for this population will be sent with this data point so that children do not have to change schools. The assessment asks questions tailored to each population & include the following:

1. Homeless history
2. History of involvement with hospitals or jails
3. Criminal background history
4. Mental health history and lack of care
5. Physical health history and lack of care

Homeless Management Information System

A Homeless Management Information System (HMIS) is a database used to record and track client-level information on the characteristics and service needs of homeless persons. HMIS ties together homeless service providers within a community to help create a more coordinated and effective housing and service delivery system.

The U. S. Department of Housing and Urban Development (HUD) and other planners and policymakers at the federal, state, and local levels use aggregate HMIS data to obtain better information about the extent and nature of homelessness over time. Specifically, HMIS can be used to produce an unduplicated count of homeless persons, understand patterns of service use, and measure the effectiveness of homeless programs.

Houston/Harris County's HMIS is staffed at the Coalition for the Homeless of Houston/Harris County. The software provider is Client Track. The HMIS staff is responsible for the administration of the HMIS software and providing technical assistance to participating agencies and end-users. Agencies that participate in Houston/Harris County's HMIS are referred to as "participating agencies." Each participating agency needs to follow certain guidelines to help maintain data privacy and accuracy.

Staffing Roles and Expectations

Continuum of Care – Recognizing the need to stimulate community-wide planning and coordination of programs for individuals and families who are homeless, the U.S. Department of Housing and Urban Development (HUD) in 1994 instituted a requirement for communities to come together to submit a single, comprehensive application for HUD funds for housing and support services for people who have experienced homelessness. The organizational concept to embody this effort is the Continuum of Care (CoC), which is governed by a Steering Committee

composed of representatives from across the community. As a result of its strong leadership, access to resources and high visibility in the community, the Coalition for the Homeless of Houston/Harris County serves as this region's lead agency for the CoC. The Houston CoC encompasses Houston counties including Harris, Montgomery, and Fort Bend, and its purpose is to:

- Help create integrated, community-wide strategies and plans to prevent and end homelessness;
- Provide coordination among the numerous regional organizations and initiatives that serve the homeless population, and
- Create the region's single, comprehensive grant application to HUD for McKinney-Vento funding.

Coordinating Entity - The Coalition for the Homeless is the designated *Coordinating Entity*. The *Coordinating Entity* is responsible for the day-to-day administration of the *Coordinated Access System*, including but not limited to the following:

- Creating and widely disseminating materials regarding services available through the *Coordinated Access System* and how to access those services;
- Designing and delivering training at least annually to all key stakeholder organizations, including but not limited to the required training for *CA Staff*;
- Ensuring that pertinent information is entered into HMIS for monitoring and tracking the process of referrals including vacancy reporting and completion of assessments;
- Managing case conferences to review and resolve rejection decisions by receiving programs and refusals by clients to engage in a housing plan in compliance with receiving program guidelines;
- Managing an eligibility determination appeals process in compliance with the protocols described in this manual;
- Managing manual processes as necessary to enable participation in the *Coordinated Access System* by providers not participating in HMIS;
- Designing and executing ongoing quality control activities to ensure clarity, transparency, and consistency in order to remain accountable to clients, referral sources, and homeless service providers throughout the coordinated access process;
- Periodically evaluating efforts to ensure that the *Coordinated Access System* is functioning as intended;

- Making periodic adjustments to the *Coordinated Access System* as determined necessary;
- Ensuring that evaluation and adjustment processes are informed by a broad and representative group of stakeholders;
- Updating policies and procedures.
- Managing all PR requests related to Coordinated Access

Project Manager – The *Coordinating Entity* staffs a *Project Manager* position. The project manager role includes management of the Coordinated Access System, including but not limited to the following:

- Serving as point person and lead to all workgroups and transition teams
- Providing Coordinated Access training to participating agencies
- Database administering
- Report generating
- Communicating to user agencies and outreach coordinators
- Deactivating/reactivating client records
- Responding to requests for client deletion
- Responding to email generated questions
- Monitoring system performance (CA Staff, Database, Providers, etc.)

Assessment Hubs - Agencies selected to serve as the *Assessment Hub* sites are responsible for ensuring that all households experiencing homelessness and at-risk of homelessness have prompt access to *Intake* and *Assessments* and that *Assessments* are administered in a safe, welcoming environment.

Housing Assessors – see Policies & Procedures

Housing Navigators – see Policies & Procedures

Receiving Program - All Rapid Re-housing (RRH) and Permanent Supportive Housing (PSH) programs are *Receiving Programs* and are responsible for reporting vacancies to the *Coordinating Entity* in compliance with the protocols described in this manual. All programs that receive a referral from the *Coordinated Access System* are responsible for responding to that referral and participating in case conferences, in compliance with the protocols described in this manual.

Authorized User Agencies - Housing providers who wish to or are required to participate in the *Coordinated Access System*. Authorized User Agencies sign a Memorandum of Understanding to have access to the database to interview and enroll households for vacancies/anticipated vacancies or during lease up of new PSH programs.

Target Population

The *Coordinated Access System* is open to all households who meet the HUD definition of homeless, as outlined in the new HEARTH Act regulations, and have incomes below 50% of the Area Median Income. The system uses a locally developed prioritization tool (described in Definitions & located in the Appendix of this manual) to rank Applicants in order of vulnerability, with the most vulnerable households ranked at the top.

System Overview and Workflow

To illustrate how the *Coordinated Access System* functions, the following overview provides a brief description of the path a household would follow from an initial request for housing through permanent housing placement. The overview also describes roles and expectations of the partner organizations that play a critical role in the system. Additional details can be found in the subsequent sections of this manual and the *Coordinated Access* workflow.

From Initial Request for Services to Permanent Housing Placement – Pathway through the *Coordinated Access System*

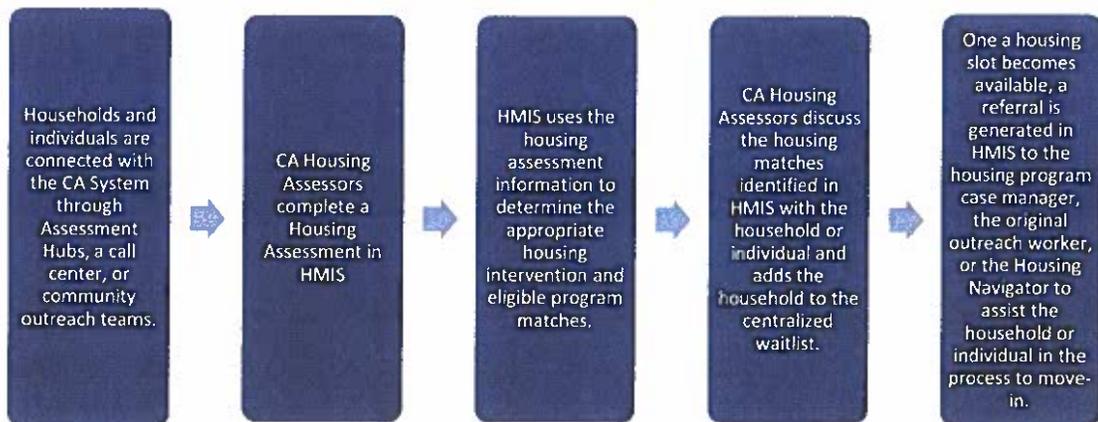

- Step 1: Connecting to the *Coordinated Access System/Initial Request for Services* - To ensure accessibility to households in need, the *Coordinated Access System* provides access to services from multiple, convenient physical locations. Households in need may initiate a request for services in person through any of the designated *Assessment Hubs*, through the call center, and/or through community outreach teams.

Detailed information regarding Hub locations and hours of operation are posted on the Coalition for the Homeless Houston's website www.homelesshouston.org as well as on the community's website www.thewayhomehouston.org.

- Step 2: Housing Assessment - *Housing Assessors* are available at *Assessment Hubs*, the call center, and through community outreach staff to conduct the *Coordinated Access Housing Assessment* with households in need. The assessment is completed using HMIS. An additional *Housing Prioritization Tool* is generated in HMIS for all households identified as a match for Permanent Supportive Housing or Rapid Re-housing and to prioritize referrals. Individuals and families must be re-assessed if more than 90 days have passed since the previous assessment and there have been no services in HMIS during that time.

- **Step 3: Housing Match** - Information gathered from the assessment is used to determine which housing intervention is best suited to end the household's homelessness (Permanent Supportive Housing or Rapid Re-housing). HMIS automatically matches households to a particular housing intervention and then a specific housing program based on program eligibility.
- **Step 4: Housing Referral** - Once the recommended intervention and eligible programs have been identified in HMIS, the *Housing Assessor* will add the household member(s) to the *Centralized Waitlist*. Currently there are not enough housing slots available to send referrals in real time.
- **Step 5: Housing Navigation** - After being referred to a housing provider, households will be connected with a *Housing Navigator*. This connection can be made by pulling from the *Coordinated Access Centralized Waitlist*. The *Housing Navigator* can be one of the following: the housing program Case Manager, the original Coordinated Access referring Outreach Worker, or a designated *Coordinated Access Housing Navigator*. The *Housing Navigator* begins the process of securing the identified unit. This process may include, but is not limited to the following activities: Obtaining ID, obtaining social security cards, obtaining homeless verification documents, obtaining a security deposit, obtaining application fees, providing transportation to tour available units, etc. **The process from referral to move in should be completed within 30 days.**
Below is an illustration of the CA Workflow:

Coordinated Access Workflow

Coordinated Access Policies and Procedures

1. Connecting to the Coordinated Access System

- 1.1. Locations & Hours – Assessments are conducted at designated *Assessment Hubs*. A future call center will also be established at one of the *Assessment HUBs*. Current Assessment Hub locations and assessment hours can be found on the Coalition for the Homeless Houston’s website www.homelesshouston.org as well as on the community’s website www.thewayhomehouston.org.
- 1.2. Eligibility – Coordinated Access is intended to facilitate access to the most appropriate housing intervention for each household’s immediate and long-term housing needs and ensure that scarce permanent housing resources are targeted to those who are most vulnerable and/or have been homeless the longest. The *Coordinated Access System* uses the following criteria to accurately match needs to resources:

Permanent Supportive Housing

Permanent housing that is coupled with supportive services that are appropriate to the needs and preferences of residents. Individuals have leases, must abide by rights and responsibilities, and may remain with no program imposed time limits.

Housing may include various combinations of subsidy resources and services. Supportive housing in Houston is Housing First, and follows a harm reduction philosophy.

1.3 Marketing/Advertising – As needed, the *Coordinating Entity* will send information & updates regarding the *Coordinated Access System* via email to stakeholders, the 211 hotline, and the general public. The *Coordinating Entity* also distributes flyers and brochures and maintains information available on its website.

2. The Housing Assessment Process

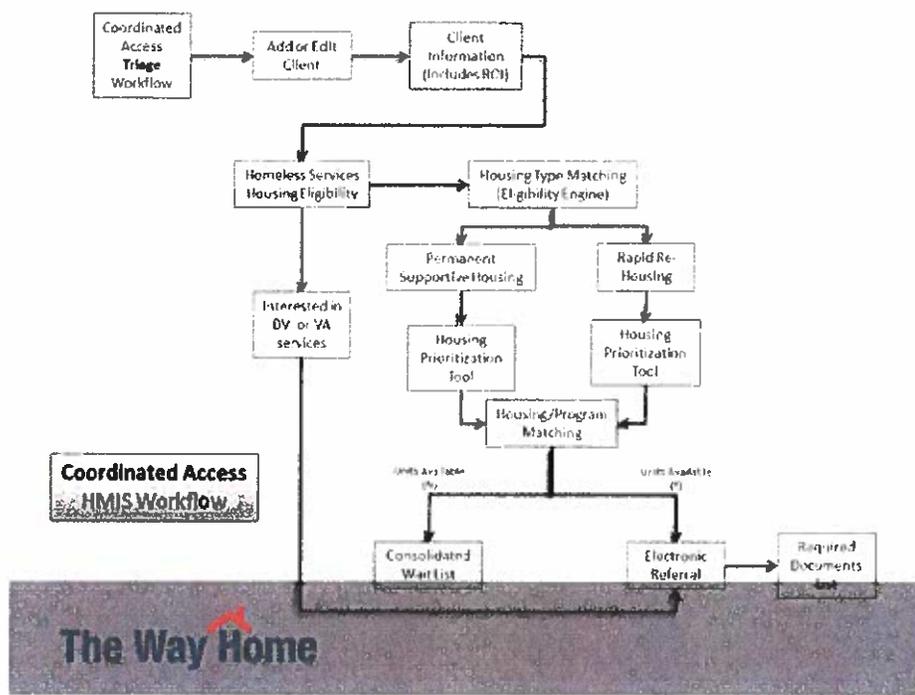

2.1. Housing Assessors

2.1.1. Roles and Responsibilities - *Housing Assessors* are staff from designated community agencies. *Housing Assessors* may office out of Assessment Hubs, be designated as the Assessor for his/her agency, or may be part of a mobile outreach team. All *Housing Assessors* are required to complete a HMIS intake and housing assessment with individuals in need of housing and pull, from HMIS, “housing matches” available to each individual. The *Housing Assessor* will then pass the referrals to the individual’s Case Manager or a *Housing Navigator*. *Housing Assessors’* responsibilities include, but are not limited to the following:

- Operating as the initial contact for the *Coordinated Access System*
- Conducting *Housing Assessments* (removed VI & next step)
- Client notification of *Eligibility and Referral Decisions*
- Submission of referrals to the *Receiving Program* through HMIS as directed
- Collecting & uploading all documents available at assessment
- Participation in case conferences
- Responding to requests by the *Coordinating Entity*

2.1.2. Training Requirements – *Housing Assessors* are trained by the *Coordinating Entity*. The training consists of the 6 hours “Housing Assessor Orientation” in addition to HMIS training on the *Coordinated Access* workflow.

2.2. HMIS Workflow – The workflow below outlines the CA steps in HMIS:

2.3. Release of Information – All clients must sign a release of information prior to the assessment process.

2.4. Client Photos – Photos can be taken at the time of assessment but are not required. If a photo is taken and uploaded into HMIS, a photo release must be signed by the client prior to the photo being taken.

2.5. Timeline - The *Housing Assessor* notifies the client of his/her eligibility and referral decision immediately. Once a referral is made, the *Receiving Program* has 24 business hours to acknowledge the receipt of the referral. The *Receiving Program* must then enroll or deny the referral within 7 days. The *Receiving Program* can reject or deny the referral if the assigned case manager has been unable to contact the household after 7 days. If a household shows up at the *Receiving Program* after the 7 days have expired, the case manager will assist the household in reentering the system through the CAS. All of this information is tracked in HMIS.

3. Housing Matching

3.1. CFTH HMIS Responsibilities – HMIS Staff at the Coalition for the Homeless is responsible for the daily administration of the HMIS software and providing technical assistance and user training to participating agencies and end-users.

3.2. Housing Navigators

3.2.1. Roles and Responsibilities - *Housing Navigators* are staff from designated community agencies. *Housing Navigators* office out of *Assessment Hubs*, their home agencies, or in the field. All *Housing Navigators* work with individuals that do not have an existing case manager and would like assistance in navigating the process of securing housing from housing referral to “lease up”. The *Housing Navigator* provides the client with a welcome letter explaining both the client and staff’s role in the program. Both the client and staff sign the letter and it is maintained in the client’s chart. All *Housing Navigators*, *Outreach Workers*, and *Case Managers* operating as *Housing Navigators* carry the following responsibilities:

- Assisting client in obtaining necessary documentation required for housing
- Collecting & uploading necessary documentation, securing additional financial assistance if needed, providing transportation, accompaniment to potential housing options, etc.
- Assisting clients in navigating any challenges related to the housing process (application and/or inspection process, landlord negotiation, etc.)
- Participation in case conferences
- Responding to requests by the *Coordinating Entity*, as appropriate.

3.2.2. Training Requirements – *Housing Navigators* are trained by the *Coordinating Entity*. The training consists of the 6 hours “*Housing Navigator Orientation*” in addition to training HMIS training on the Coordinated Access workflow in HMIS.

3.3. Timeline - Once the *Housing Assessor* has made contact with the client’s Case Manager or *Housing Navigator*, that worker contacts the client within 24 hours and begins the process of scheduling intake appointments. This information is tracked in HMIS.

3.4. Unit Availability/Vacancy Posting – All Rapid Re-housing and Permanent Supportive Housing Programs are required to post vacancies in HMIS within 24 business hours of unit/bed availability. If providers know of an impending vacancy, they are able to post the anticipated availability date up to 14 days before unit vacancy. Programs must update vacancy information in HMIS within 24 business hours of a unit/bed being filled. This information is crucial in determining what resources are available and where to send a client needing housing.

4. Housing Referral

4.1. Waitlist – There is one *Centralized Waitlist* for both permanent supportive housing and rapid re-housing:

- 4.1.1. Permanent supportive housing is dedicated to households and individuals that are chronically homeless followed by a prioritization score of 28 or higher.
- 4.1.2. Rapid re-housing plus is dedicated to households and individuals with high vulnerability scores but are not chronically homeless, followed by a prioritization score between 18-27. This housing intervention is extremely scarce, so long waits are to be expected.
- 4.1.3. Rapid re-housing is dedicated to households and individuals that are not chronically homeless, followed by a prioritization score between 10-17.
- 4.1.4. If the waitlist indicates an opening for either PSH or RRH, a referral to that opening will be generated in HMIS by an Assessor.
- 4.1.5. If the program to which the referral was made is one that requires a Navigator, then the Assessor will also generate a referral to the appropriate Navigator.
- 4.1.6. Navigators or Case Managers attempt to make contact with the client for seven (7) business days.
- 4.1.7. If the client cannot be contacted within that timeframe, then staff move on to the next client on the list.
- 4.1.8. Once staff makes contact with the client, the client must decide immediately whether to accept or decline the unit.
- 4.1.9. If the client accepts the unit, he/she moves forward in the next steps towards move-in.
- 4.1.10. If the client declines the unit, then the next client on the waitlist is contacted and the client that refused is moved down to the bottom of the appropriate waitlist based on their housing prioritization score.

4.2. Receiving Program Responsibilities – Once a referral is made, the *Receiving Program* has 24 business hours to acknowledge the receipt of the referral. The *Receiving Program* must then enroll or deny the referral within 7 days. The *Receiving Program* can reject or deny the referral if the assigned case manager has been unable to contact the household after seven (7) days. If a household shows up at the *Receiving Program* after the seven (7) days have expired, the case manager will assist the household in reentering the system through the CAS. All of this information is tracked in HMIS.

- 4.2.1. Document Requirement Updates - *Receiving Programs* make eligibility determination decisions within one business day of the intake interview (or when all required application materials are complete). The *Receiving Program* orally reviews the intake decision notification with the client to ensure that the client understands the decision, and applicable next steps, including the client's right to appeal the decision. An intake decision notification includes at a minimum:
- first available move-in date, if applicable; and
 - reason the client cannot enter the program, including reason for rejection by client or program (which includes redirection to the *Housing Navigator*), if applicable.
 - instructions for appealing the decision.
- 4.2.2. Reasons for denial – *Receiving Programs* may only decline individuals and families found eligible for and referred by the *Housing Assessor* under limited circumstances including:
- there is no actual vacancy available;
 - the individual or family missed two intake appointments;
 - the *Receiving Program* has been unable to make contact with the individual or family for seven (7) consecutive business days;
 - the household presents with more people than referred by the *Housing Assessor* and the *Receiving Program* cannot accommodate the increase;
 - the individual or family was denied by independent property owner/landlord due to certain criminal behaviors; or
 - based on their individual program policies and procedures the *Receiving Program* has determined that the individual or family cannot be safely accommodated or cannot meet tenancy obligations with the supports provided by the program.

Programs may not decline persons with psychiatric disabilities for refusal to participate in mental health services. The *Receiving Program* must update the referral outcome in HMIS for any decisions to accept or reject a client. If the ineligible client has not otherwise been accommodated for the night, e.g. via an intervention by emergency services, the *Receiving Program* must notify the *Housing Navigator*, refer the client back, and document that outcome in HMIS. Reason for denial forms must be submitted to the client the same day the decision was made if possible.

- 4.2.3. Client Choice – Clients may decline a referral because of program requirements that are inconsistent with their needs or preferences. For example, clients may decline participation in programs requiring sobriety. The client may decline a referral up to three times, after the third denial the client will be reassessed and placed on the bottom of the waitlist.
- 4.3. Move-In – If the homeless individual or family is accepted, the *Receiving Program* must update the referral outcome in HMIS and arrange for move-in within 30 days. If the client does not move-in as scheduled or within three (3) business days of the original move-in date, the *Receiving Program* must notify and refer the client back to the *Housing Navigator* so that the outcome is documented in HMIS. To the extent feasible given available funding and as necessary, the *Receiving Program* will provide the individual or family with move-in assistance including transportation of household members and personal belongings.
- 4.4. PSH to PSH – under the CoC Program, permanent supportive housing projects may serve individuals and families from other permanent supportive housing projects who originally met the eligibility requirements for permanent supportive housing so long as the program participants were eligible for the original permanent supportive housing (Section 423(f) of the McKinney-Vento Act, as amended by the HEARTH Act). This means that an individual or family may transfer from one permanent supportive housing program to another under the CoC Program. This could occur under the following circumstances:
- If there were another permanent supportive housing program that better met the service needs of the program participant;
 - The program participant is evicted by the landlord or housing program and the participant is still eligible for case management services; or
 - The current permanent supportive housing program in which the individual or family is enrolled in has lost their funding.
- 4.4.1. PSH to PSH Referral – If any of the above scenarios apply, a staff member from the current PSH must notify the *Coordinated Access Project Manager* in writing via email to initiate the process of transferring the client. The *Coordinated Access Project Manager* will verify that the request falls within the guidelines for the transfer as outlined in this manual. The *Coordinated Access Project Manager* will determine if a PSH unit is available, create the referral in HMIS, and notify the current PSH. The current PSH will then be responsible for assisting the program participant in completing the documentation necessary for the new PSH. Transfer requests outside of the ones outlined in this manual will not be approved. If no

PSH unit is available, then the current PSH will have to continue to work with the program participant in securing alternate housing options.

- 4.5. Referrals to and from other systems not using HMIS – The *Coordinated Access System* appropriately addresses the needs of Veterans and individuals and families who are fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, or stalking.
 - 4.5.1. Domestic Violence (DV) – When a homeless or at-risk individual/household is identified by the *Coordinated Access System* to be in need of domestic violence services, that individual/household is referred to the domestic violence hotline immediately. If the individual/household does not wish to seek DV specific services, the individual/household will have full access to the *Coordinated Access System*, in accordance with all protocols described in this manual. If the DV helpline determines that the individual/household seeking DV specific services is either not eligible for or cannot be accommodated by the DV specific system, the helpline will refer the client to an *Assessment Hub* for assessment and referral in accordance with all protocols described in this manual.
 - 4.5.1.1. Emergency Transfer Plan – An individual or household who is a victim of domestic violence, dating violence, sexual assault, stalking, and/or human trafficking and is currently residing in a non-DV housing program may request a transfer if: the individual reasonably believes that there is a threat of imminent harm from further violence if the individual remains within the same unit. If the individual is a victim of sexual assault, the he/she may also be eligible to transfer if the sexual assault occurred on the premises.

A client/tenant requesting an emergency transfer must expressly request the transfer by notifying their Case Manager. Case Manager and Client will troubleshoot any other possible options to resolve the solution in a safe way. Case Manager and Client will discuss how much of the situation the Client wants to reveal to the Landlord to possibly resolve the situation. If the situation cannot be resolved and moving the Client is the only option, the Case Manager will contact Coordinated Access and request a transfer.

Coordinated Access will discuss options with the Client and determine if the Client is eligible for a program that has an available space. The Client will be offered the option to go through the DV Coordinated Access process and receive services from a DV provider. In this situation

the DV Coordinated Access system will take over and the Client's record in HMIS will be closed upon transfer. If client declines DV services/programs, Coordinated Access will the next possible transfer and informs the Client of the program/location. At that point the Client can accept or deny the referral. If the Client approves of the transfer, the Case Manger will complete a warm hand off to the next program, assist with the transfer, and facilitate a mutual rescission with the Landlord. If the Client wants to deny the transfer, they will stay at the top of the list and wait for the next vacancy in a program they are eligible for. If the Client is in a Scattered Site program with a voucher or rental assistance through Rapid Re-Housing, the Case Manager can assist the Client with a unit transfer to a safer location.

- 4.5.2. Veterans – When a homeless or at-risk individual is identified by the *Coordinated Access System* to be a Veteran, additional questions concerning service era, length of service, and discharge status will be asked. If eligible for VA services, the Veteran will be given the option of being referred to the VA Drop-In Center. If the Veteran chooses that option, then that individual is referred to the VA Drop-In Center immediately. If the VA Drop-In Center determines that the individual seeking veteran specific services is not eligible for VA services, the *Housing Assessor* at the VA Drop-In Center will complete the CA Assessment in HMIS and will either a) refer the household to an available unit or b) add the household to the appropriate waitlist in accordance with the processes outlined in this manual.

5. Case Conferences

- 5.1. The *Coordinating Entity* will require a case conference to review and resolve rejection decisions by *Receiving Programs*. The purpose of the case conference will be to resolve barriers to the client receiving the indicated level of service. Such a case conference will be held in all instances in which an individual or family is declined by a *Receiving Program*. Case conferences will be held in all instances in which an individual or family has declined more than two placements.

Providers may also request a case conference, at their discretion, in other circumstances in which a client household is insufficiently engaged in actions necessary to secure a permanent placement.

In cases in which a homeless individual or family is facing program termination, the Provider will notify the *Coordinating Entity*. The *Coordinating Entity* may then require a case conference to review and determine next steps. The purpose of the case conference will be to discuss interventions used to date and resolve barriers to securing

permanent housing including plans to have the individual or family re-assessed for a more suitable housing program.

The *Coordinating Entity* will determine which parties will attend a case conference, including but not limited to the *Housing Assessor*, the *Housing Navigator*, the *Receiving Program*, the client, and other contacts as determined necessary. The *Coordinating Entity* will make all logistical arrangements for the case conference, including but not limited to notifying all parties.

Fair Housing, Tenant Selection Plan, and Other Statutory and Regulatory Requirements

The *Coordinating Entity* takes all necessary steps to ensure that the *Coordinated Access System* is administered in accordance with the Fair Housing Act by promoting housing that is accessible to and usable by persons with disabilities. The *Coordinated Access System* complies with the non-discrimination requirements of the Fair Housing Act, which prohibits discrimination in all housing transactions on the basis of race, national origin, sex, color, religion, disability status and familial status. This also includes protection from housing discrimination based on source of income. Additional protected classes under state law include sexual orientation (including gender identity), marital status, military discharge status, age (40+). Agencies cannot preference any protected class unless allowed by statute/regulation, or written waiver from their funding or regulatory body (i.e. U.S. Department of Housing and Urban Development).

All Authorized User Agencies who enter into an MOU for the *Coordinated Access System* agree to take full accountability for complying with Fair Housing and all other funding and program requirements. The MOU requires User Agencies to use the *Coordinated Access System* in a consistent manner with the statutes and regulations that govern their housing programs.

The *Coordinating Entity* will request from each Authorized User Agency their tenant selection plan and any funding contract that requires or allows a specific subpopulation of persons to be served. For instance, Housing Opportunities for Persons with AIDS (HOPWA) programs will show funding contract, a single-gender program must produce its HUD waiver. It is further recognized that the Fair Housing Act recognizes that a housing provider may seek to fulfill its “business necessity” by narrowing focus on a subpopulation within the homeless population. The *Coordinated Access System* may allow filtered searches for subpopulations while preventing discrimination *against* protected classes.

Evaluating and Updating Coordinated Access System Policies and Procedures

The implementation of the *Coordinated Access System* necessitates significant, community-wide change. To help ensure that the system will be effective and manageable for homeless and at-risk households and for the housing and service providers tasked with meeting their

needs, particularly during the early stages of implementation, THE TX-700 Continuum of Care anticipates adjustments to the processes described in this manual. To inform those adjustments, the *Coordinated Access System* will be periodically evaluated, and there will be ongoing opportunities for stakeholder feedback, including but not limited to Referral and Receiving Program work groups convened and managed by the *Coordinating Entity*. Specifically, the *Coordinating Entity* is responsible for:

- Leading periodic evaluation efforts to ensure that the *Coordinated Access System* is functioning as intended; such evaluation efforts shall happen at least annually.
- Leading efforts to make periodic adjustments to the *Coordinated Access System* as determined necessary; such adjustments shall be made at least annually based on findings from evaluation efforts.
- Ensuring that evaluation and adjustment processes are informed by a broad and representative group of stakeholders
- Ensuring that the *Coordinated Access System* is updated as necessary to maintain compliance with all state and federal statutory and regulatory requirements

Evaluation efforts shall be informed by metrics established annually by the *Coordinating Entity*, in conjunction with the *CoC Steering Committee* and *Coordinated Access Transition Team*. These metrics will be displayed on dashboards located on the *Coordinating Entity's* & community's websites and shall include indicators of the effectiveness of the functioning of the *Coordinated Access System* itself, such as:

- Wait times for initial contact
- Extent to which expected timelines described in this manual are met
- Number/Percentage of referrals that are accepted by receiving programs
- Rate of missed appointments for scheduled assessments
- Number/Percentage of persons declined by more than one (1) provider
- Number/Percentages of *Eligibility and Referral Decision* appeals
- # of program intakes not conducted through *Coordinated Access System*
- Completeness of data on assessment and intake forms

These metrics shall also include indicators of the impact of the *Coordinated Access System* on system-wide Continuum of Care outcomes, such as:

- Persons referred have length of stays consistent with system guidelines
- Waiting lists are reduced for all services; eliminated for shelter
- Program components meet outcome targets
- Reductions in long term chronic homeless
- Reduction in family homelessness
- Reductions in returns to homelessness

- Reduced rate of people becoming homeless for first time

Termination

Any Authorized User Agency may terminate their participation in the *Coordinated Access System* by giving written notice. Housing programs that are required to participate due to HUD guidelines will need HUD approval to terminate participation.

	Coalition for the Homeless of Houston/Harris County Subject: Service Delivery <i>Applies to: The Way Home</i>	Housing Prioritization <i>Effective: 11/18/2018</i>
---	---	---

PURPOSE:

To ensure that homeless individuals and families assessed through Coordinated Access receive services in the most expedient way possible and that access to homeless assistance prioritizes those with the greatest needs who are least likely to end their homelessness in the absence of CoC support.

POLICY:

It is the policy of The Way Home that individuals and families with the most severe service needs and the longest lengths of time homeless are prioritized for housing.

PROCEDURE:

The Harris, Montgomery, and Fort Bend County Continuum of Care and The Way Home, with the input from area homeless providers, have established guidelines that outline the order of priority for housing homeless individuals and families. All current and newly developed Permanent Supportive Housing beds have been dedicated to individuals and families that are chronically homeless. All Permanent Supportive Housing turn-over beds have been prioritized for individuals and families that are chronically homeless. All Rapid Rehousing beds have been dedicated to literally homeless individuals and families. The goal of this policy is to ensure that those individuals and families who have spent the longest times in places not meant for human habitation or in emergency shelters, and who have the most severe service needs are prioritized for housing. Severity of service needs refers to individuals or families who have a history of high utilization of crisis services such as emergency rooms, jails, and psychiatric facilities and significant health or behavioral challenges such as substance use disorders or functional impairments.

ORDER OF PRIORITY IN CoC PROGRAM FUNDED PERMANENT SUPPORTIVE HOUSING

1. **First Priority – Chronically homeless individuals and families with a disability with the longest history of homelessness and the most severe service needs.**
 - a. The chronically homeless individual, head of household of a family, or youth, when assessed through Coordinated Access, will be assigned a vulnerability score between 28-51, with 51 being the most severe service needs.
2. **Second Priority – Literally homeless individuals and families with a disability and the most severe service needs.**
 - a. The literally homeless individual, head of household of a family, or youth, when assessed through Coordinated Access, will be assigned a vulnerability score between 18-27, with 27 being the most severe service needs; and
 - i. the CoC has not identified any chronically homeless individuals, families, or youth who meets all of the criteria for housing under the first priority.
3. **Third Priority – Literally homeless individuals and families with the most severe service needs.**
 - a. The literally homeless individual, head of household of a family, or youth, when assessed through Coordinated Access, will be assigned a vulnerability score between 18-27, with 27 being the most severe service needs; and
 - i. the CoC has not identified any chronically homeless individuals, families, or youth who meets all of the criteria for housing under the first priority.

PURPOSE

The Department of Housing and Urban Development (HUD)'s new regulations requires that all Continuums of Care (CoCs) develop and implement a coordinated access and assessment system for all CoC funded programs. The CAS will enable clients to move quickly through the system and be matched to the best intervention strategy that will permanently and effectively end their homelessness. The CAS will also reduce duplication of efforts, reduce returns to homelessness, and assist with ending homelessness.

In order to accomplish effective coordination with mainstream and homeless services, formal agreements dictating client eligibility, intake, service provision expectations, and staffing are being developed with mainstream and homeless service providers on behalf of the system of homeless providers. The agreements will also ensure that all providers are using the system in an open, transparent, and consistent way.

Title

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation --It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan --Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan --It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds --It has complied with the following criteria:

- 1 Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
- 2 Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2018, 2019 and 2020 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
- 3 Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or

charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.
