Pasadena Convention Center

7902 Fairmont Parkway

Pasadena, TX 77505

Created in 2018 by the City of Pasadena, *Fill the Bus* provides school supply support for local teachers. Every school year, teachers across the country are forced to personally subsidize supplies and hygiene items for their classrooms, especially in Title I school districts like Pasadena ISD. The event has grown to be a joint effort between the city, school district and chamber of commerce.

Fill the Bus aims to provide supplies for every student in Pasadena while empowering teachers to decide which materials are best for their own classrooms. To date, the event has collected enough school supplies to fill a dozen full-sized yellow school busses. Organizers have ramped up donation capabilities this year with several online options which can be found by going to: www.pasadenatx.gov/fillthebus
