Shooting - 1404 South Houston Road

On Wednesday, August 31, 2022, at approximately 00:16 hours, our dispatch center received a call about a shooting at 1404 South Houston Rd., which is the location of a laboratory business. Upon arrival, officers learned that an employee had exited the company through an electric gate when she observed a male subject hitting a side window on her car with his fist. The subject also yelled at the employee, who did not know or recognize the man.

The female employee was able to leave and close the gate behind her, at which time the male got into his vehicle and drove through the electric gate, striking several vehicles parked inside the business.

Another female employee who was outside the business but inside the gated area was able to retrieve a handgun that was lawfully in her possession and confront the suspect. He then attacked the female, and a struggle ensued. The female was able to defend herself by shooting the male twice, which ended the struggle. The male was transported to HCA Southeast and was later pronounced deceased. The female employee was not physically injured.
