MISSION STATEMENT

“The mission of the Pasadena Police Department is to prevent harm, reduce crime, and protect the public by developing innovative approaches to crime and traffic safety while remaining committed to forging strong community partnerships.”

UNDERSTANDING OUR PARTNERSHIP

The Texas Police Chief’s Association

In 2021, the Pasadena Police Department proudly achieved accreditation from the Texas Police Chiefs Association (TPCA) following a rigorous two-year process. This prestigious accreditation underscores our unwavering commitment to the highest law enforcement standards and adherence to 169 professional standards.

The TPCA, founded in 1958, is dedicated to promoting, encouraging, and advancing the professional development of Chiefs of Police and senior police management personnel across Texas.

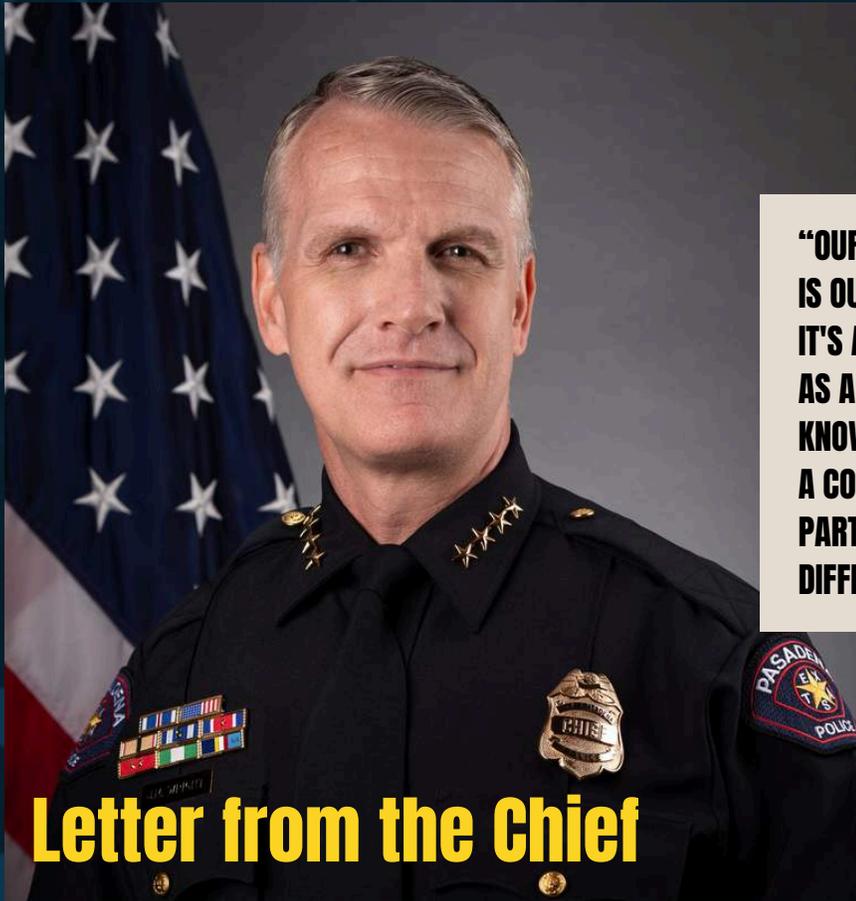

As a statewide law enforcement administrator’s organization, TPCA addresses critical issues within the criminal justice system both locally and at the state legislature.

Our involvement with TPCA not only aligns us with an organization that champions professional law enforcement administration but also provides us with a platform to influence and contribute to statewide law enforcement policies and practices. By participating in TPCA, the Pasadena Police Department is actively engaged in promoting high ethical standards, professional conduct, and addressing the evolving needs of our community and the state.

This partnership signifies our dedication to continual improvement, professional growth, and our commitment to serving the citizens of Pasadena with integrity, accountability, and excellence.

The information provided in this Semi-Annual Report is intended solely for general informational purposes.

“OUR BOND WITH THE COMMUNITY IS OUR GREATEST STRENGTH, AND IT'S AT THE HEART OF WHO WE ARE AS A POLICE DEPARTMENT. WE KNOW IT TAKES A VILLAGE TO KEEP A COMMUNITY SAFE, AND OUR PARTNERSHIPS MAKE ALL THE DIFFERENCE.”

Letter from the Chief

My name is Jerry Wright, and my role as Chief of Police is the highest honor of my law enforcement career. As Chief, I see firsthand the profound impact our Officers and Civilian staff have on the community every day. I've lived in this great city all my life, and we have the best Department with the most dedicated and professional personnel anywhere.

Crime fighting and community engagement have been part of our DNA for generations. Our bond with the community is our greatest strength, and it's at the heart of who we are as a police department. We know it takes a village to keep a community safe, and our partnerships make all the difference. Everyone's role is essential, from our residents and businesses to our schools, churches, non-profits, and City partners. We believe in the Broken Windows theory and that crime and disorder improve when we all work together. We know "many hands make light work" and "a rising tide floats all boats." When we all pitch in, big things are possible.

Fighting crime and providing excellent service to the community is only possible because of our remarkable Officer and Civilian staff. Their commitment, honor, and purpose make all the difference, and these dedicated individuals' development and resilience are among our highest responsibilities.

Take care of yourselves and each other, and stay safe!

TOTAL OFFICERS
ASSIGNED

The Patrol Operations Division provides round-the-clock emergency and non-emergency response services throughout the year. Their daily activities encompass law enforcement, proactive patrols, citizen assistance, vehicle collision investigations, and apprehending fugitives with active warrants. The division is structured into three uniformed patrol shifts, each commanded by a lieutenant supported by several sergeants and numerous police officers. This organization ensures continuous coverage and efficient day-to-day operations, forming the backbone of the department's public safety and law enforcement efforts.

CANINE UNIT

The K9 unit, led by Sergeant C. Wilkerson, comprises five officers and their canine partners. They support various divisions in suspect apprehension, narcotics detection, and related financial investigations. The unit also assists with warrant services and participates in community events as needed.

BIKE PATROL

The Pasadena Bicycle Patrol Division proactively patrols the city to locate, stop, and prevent crime while also engaging with the community to improve and build strong bonds with our citizens. The unit specializes in being a versatile resource that can aid various divisions in their missions while possessing the ability to be highly visible or extremely discrete depending on what is needed. Bicycle Patrol can safely and effectively operate both over large expansive areas or in small crowded areas where it may be difficult for patrol vehicle or foot patrol to effectively function, as they have enhanced maneuverability and rapid response times.

OFFICERS

COMMERCIAL VEHICLE ENFORCEMENT

The Commercial Vehicle Enforcement (CVE) unit ensures road safety by enforcing commercial vehicle regulations. CVE officers are trained in roadside inspection, weight enforcement, and hazardous materials handling. They patrol major thoroughfares and assist with incidents involving commercial vehicles. The unit collaborates with Texas DPS and trains officers from surrounding agencies.

TRAFFIC DIVISION

The Traffic Division is dedicated to enhancing traffic safety in Pasadena, Texas, through proactive enforcement of local and state traffic laws, data-driven traffic studies to mitigate collisions at high-risk locations, and thorough investigation of traffic collisions within city limits.

FINANCIAL CRIMES

4

INVESTIGATORS

111

CASES ASSIGNED

The Financial Crimes Unit investigates and works to prevent financial crimes, aiming to be a leader in this field regionally. It supports both officers and citizens in these efforts. The unit focuses on raising public awareness about various financial crimes such as identity theft and credit card skimming through community outreach, informational materials, and media engagement. Their goal is to educate the public about current criminal trends in the financial sector while actively investigating and suppressing these crimes.

AUTO CRIMES

MONEY RECOVERED

The Auto Crimes Unit, also known as the Pasadena Auto Crimes Task Force (P.A.C.T.F.), is dedicated to fighting auto-related crimes in Pasadena. They employ a multi-faceted approach including reactive case work, data analysis, proactive and undercover investigations, enforcement of regulations, and public education. Their goal is to reduce or eliminate illegal activities related to stolen vehicles and parts. The unit actively investigates, arrests, and pursues prosecution of individuals involved in motor vehicle theft, parts theft, and vehicle burglaries.

BURGLARY & THEFT

538
CASES ASSIGNED

6
INVESTIGATORS

The Burglary and Theft Unit believes that every resident of Pasadena deserves to feel safe in their home. Their top priority is apprehending criminals that target property from victim's residences through the investigation of cases involving burglary of a habitation, burglary of a building, theft, criminal mischief, and criminal trespass. Recently, this division has also focused on the apprehension of organized retail theft rings that target our local retail partners. We have seen great success in conducting undercover surveillance and apprehending violators in the act. Our increased presence at local retail stores has helped to deter would be thieves from coming to Pasadena.

The Gulf Coast Violent Offenders and Fugitive Task Force Pasadena Team is responsible for apprehending individuals with violent felony warrants within the Southern District, primarily focusing on those with a connection to Pasadena. Led by a Pasadena Police Department Sergeant, the team consists of officers and a Deputy U.S. Marshal. They have a track record of arresting violent offenders, including those wanted for capital murder, murder, and other serious offenses. They collaborate with other law enforcement agencies to locate fugitives and provide training to fellow officers on effective apprehension strategies.

209

CASES

The Criminal Investigation unit focuses on crimes involving minors under 17 years old, including cases referred by Children's Protective Services (CPS). They collaborate with CPS, handling criminal aspects while CPS addresses social and protective issues. The unit also manages the Sex Offender Registration Program, overseeing registration, verification, and compliance checks for registered offenders within their jurisdiction. Additionally, they provide advocacy and resources for high-risk youth and their families in Pasadena, with referrals coming from officers and investigators. Their work encompasses a range of responsibilities from investigation to offender management and youth support.

INVESTIGATORS
ASSIGNED

The Juvenile Sex Crimes Division, located at the Children's Assessment Center (CAC) in Houston, works collaboratively with various professionals to investigate juvenile sex crimes. Staffed by four investigators and a supervisor, the CAC's mission is to provide comprehensive, compassionate support for sexually abused children and their families. The unit also partners with the Internet Crimes Against Children Task Force Program to address online crimes against children. This collaborative approach ensures a coordinated response to child sexual abuse cases, combining law enforcement efforts with medical, therapeutic, and child protection services.

VIOLENT CRIMES

9

INVESTIGATORS

291

CASES ASSIGNED

3

HOMICIDES INVESTIGATED

3

CAPITAL MURDER SUS. CHARGED

The Violent Crimes Division (VCD) is a specialized unit responsible for investigating serious offenses such as assault, sexual assault, robbery, murder, and suspicious deaths. The division comprises a team of highly trained detectives who work diligently to apprehend perpetrators and build strong cases for prosecution.

The VCD's structure includes detectives stationed at the local office, as well as members assigned to specific roles such as cold case investigation, task force operations with federal agencies, and liaison work with other law enforcement units. This diverse team is supported by a dedicated crime and intelligence analyst.

CRIME SCENE - DO NOT CROSS CRIM CRIME SCENE

CRIME SCENE

7

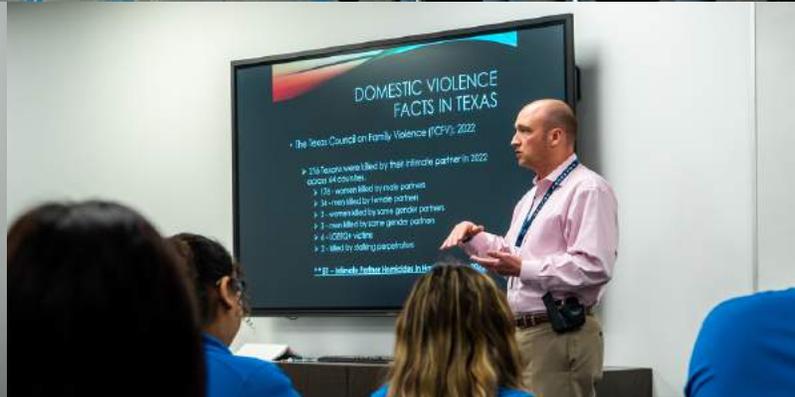

INVESTIGATORS

101

SCENES MADE

The Crime Scene Unit performs a wide range of functions including crime scene processing, latent fingerprint analysis, arrest record management, event photography, drone operations, 3D scene scanning, evidence management and processing. They also provide training for crime scene courses. The unit plays a crucial role in major scene investigations, working alongside the Violent Crimes Division on cases ranging from complex burglaries to various types of death scenes. Their primary goal is to collaborate effectively with investigative units to ensure thorough scene processing and evidence collection. The unit is also available to assist other agencies when necessary. Their work is essential in maintaining the integrity of crime scenes and collecting vital evidence for investigations.

FAMILY VIOLENCE

220

CASES ASSIGNED

5

INVESTIGATORS ASSIGNED

The Family Violence Unit investigates assaults, sexual assaults, terroristic threats, harassment, protective order violations, unlawful tracking device installations, and the unlawful disclosure of intimate visual materials. The unit also tracks and documents family violence crimes for the State of Texas and facilitates access to state-mandated victim support. The unit collaborated with the Crime Victim Liaison Division in the Texas Victim's Friendly Initiative, earning the "Gold Level Trauma Informed Agency" certification, one of only two police agencies in Texas to achieve this status in 2023.

CRIME VICTIM SERVICES

The Crime Victim Liaison Division consists of one full-time and one part-time Crime Victim Liaison (CVL). They provide essential support to crime victims through advocacy, education, and outreach, working with social service providers and legal entities in Harris County.

Services include liaison support with law enforcement, referrals to local agencies, personal advocacy, assistance with Crime Victims' Compensation Claims, and help obtaining Protective Orders. The division is dedicated to providing a safe reporting environment and handling investigations with a trauma-informed, collaborative approach, assisting victims regardless of their decision to pursue charges.

POLICE SERVICE OFFICERS

Police Service Officers (PSOs) are versatile personnel trained to work in both the Communications Center and Municipal Jail. The PSO Command has successfully increased its staffing levels and completed significant training over the past year and a half, despite challenges faced by other agencies. The command is approaching its maximum staffing capacity with new hires scheduled to start soon. The current staff includes a PSO Manager, Shift/Squad Supervisors, and PSOs, forming a robust team to support police operations in multiple areas.

CRIME ANALYSIS

REAL TIME CRIME

The Digital Intelligence Unit serves as the central intelligence hub for the Pasadena Police Department, combining specialized components to support crime suppression through innovative technology and methodology. The unit enhances both reactive and proactive policing by extracting data from digital devices, utilizing camera systems for real-time monitoring, and leveraging relational databases for strategic planning. Since its recent establishment, the unit has rapidly developed and implemented innovative approaches, leading departmental meetings and continuously expanding its capabilities to better serve the department and community.

MEDIA RELATIONS

The Media Relations Division is instrumental in promoting transparency and accountability, as the division continuously disseminates information or updates on events, perils, or any relevant information about the city.

As part of its core values, the media division's work in this area is a key factor in building the public's trust in the Pasadena Police Department.

The Pasadena Citizens Police Academy Alumni Association is currently in its 30th year and was recognized by Chief Wright in February for this. Pasadena Citizens Police Academy Alumni brings together graduates of the Pasadena Citizen's Police Academy to enhance community-police relations and assist law enforcement agencies through programs that include providing assistance to officers and special events for officers and their families. The PCPAAA does this by holding several fundraisers each year to help purchase equipment for the police department on unbudgeted items, provide meals to officers and provide volunteer services. In 2023 the PCPAAA purchased one patrol drone and volunteered approximately 1500 hours of service.

QUALITY OF LIFE UNIT/COMMUNITY IMPROVEMENT

The Quality of Life Division is dedicated to enhancing community well-being through proactive engagement and compassionate enforcement of laws and ordinances. This year, the division aimed to expand its impact by building strong relationships with other city departments, including Code Enforcement, Parks, Health, and City Marshals. Collaborative efforts have enabled the division to address various community concerns effectively. Additionally, partnerships with the Harris County Diversion Center and charity organizations like Families to Freedom have facilitated the relocation of homeless individuals in need of assistance.

The Pasadena Police Academy, housed in a modern education building, is dedicated to recruiting, training, and retaining top law enforcement personnel. The facility features classrooms, specialized training areas, and a fitness center. The academy is staffed by instructors, administrative personnel, and leadership roles. Under the academy's umbrella, the Les Early Firearms Training Center provides firearms training with dedicated range officers. The academy has conducted numerous in-service classes for both Pasadena Police Department employees and individuals from external agencies. Construction is underway on a state-of-the-art simunition house to enhance training for responding to critical incidents.
